NOT INFLUENCED BY WHAT LANDIS SAID

YOUNG NAPOLEON OF BANK ROBBERS WAS JUST "SORE AT BANK"

Youthful Robber Captured At Heyworth Tells of Yielding to Temptation--Says, However, It Does Not Pay--World War Vet Will Share In Reward Offered.

(By The Associated Press)

BLOOMINGTON, Ill., Feb. 26.—William Dalton, 17 year old bank clerk who stole \$772,000 worth of Liberty Bonds in Chicago Thursday, an amount, which the police say is the largest bond theft on record, was caught in a pool room at Heyworth, Illinois, near here today.

All the bonds, except one for \$500 that he used for expenses, were recovered in a small leather bag that he had tossed into a corner while he played, as nonchalantly as if it contained old clothes.

The boy said that taking the record amount of bonds was a simple matter, but that escape was not so easy. He was taken up for a ride by an autoist, James Dennis, while trudging along the road to Heyworth heading in the general direction of "the south," but with no definite plans for escape.

Dalton was held tonight awaiting arrival of bank officials from the Northern Trust Company of Chicago which he robbed. These officials informed before they left Chicago that on account of the boy's extreme youth they would be inclined to forgive him and give him another chance.

Tells Story of Flight.
The lad tonight told how he tried to evade the officers of the law by traveling in automobiles, on foot, electric and steam trains and on buses, but was captured largely thru wide publication of his picture in Chicago newspapers which reached this district.

He was recognized by the son of Constable Jack Draper, who made the arrest and who probably will collect the \$25,000 reward offered for the boy's arrest and recovery of the bonds. Dalton was first suspected of being bond thief by Dennis, with whom he rode into Heyworth. Dennis reported his suspicion to Paul Draper son of the constable.

Thruout his flight Dalton carried the bonds in a little satchel wherein he had secreted them when he walked out of a bank Thursday for lunch. Walking along country roads, borrowing a ride in an automobile or seeking to get further away from the scene of his crime, by riding trains the youngster clung to the satchel of bonds until he reached Heyworth.

There his fondness for shooting pool and billiards caused him to seek a game with a stranger and while the two knocked the balls around the satchel, with its fortune, was left in a corner where anyone might have picked it up and walked away with it had they known of its contents.

Draper after his attention had been called to Dalton by the son and his son's friend, recognized the similarity of Dalton to the pictures published in Chicago papers and arrested the boy, addressing him as Dalton.

Dalton dropped his cue on the table, then quietly said: "That's me."

"Sore at the Bank."
The lad said he took the bonds on the spur of the moment and was "sore at the bank" because they had not promoted him as rapidly as he desired.

"I read how Judge Landis had said the bankers were partly to blame in case of the Ottawa, Ill., boy named Carey, who stole nearly \$200,000," said Dalton. "The judge said they should have paid Carey more and his case seemed to fit me. I saw the chance to take the bonds and decided on the spur of the moment to try to get away with them. It doesn't pay however, and I'm sorry."

Dalton broke down and cried when speaking of his mother, who is a widow but otherwise did not seem to realize the seriousness of his action.

The sheriff's men had repeating rifles with them to guard the bonds which all were recovered intact except the \$500 one that was sold to the Chicago broker and Dalton told the sheriff that including the automobile he had spent about \$365. He also said that he had \$55 of his own money on him when he went away having got a check for that

GUNNER'S MATE ACCEPTS NAVAL SECRETARYSHIP

Was With Sampson's Fleet and Real Soldier

HIS ASSISTANT WILL
BE ROOSEVELT

(By The Associated Press)

ST. AUGUSTINE, Fla., Feb. 26.—Edwin Denby, gunner's mate in Sampson's fleet and sergeant of marines in the world war, formally accepted the portfolio of navy in the next cabinet today with a pledge to maintain the naval fighting machine "at the highest peak of power ready for battle at any notice."

As his assistant he will have Theodore Roosevelt, son of the former president and he will begin his administration under a policy that calls for adherence to the present naval building program until such time as the nation may be brought into a definite agreement for the reduction of armaments.

Continuation of the capital construction program for the present was announced formally as an administration policy by President-elect Harding at the same time that he made known definitely the final designation of Mr. Denby as secretary of the navy and Mr. Roosevelt as assistant secretary. His conference with Mr. Denby ended Mr. Harding's work here and he will leave tomorrow night for Marion where his neighbors will give him a farewell celebration on Tuesday. He expects to reach Washington Thursday the day before inauguration.

Dark Horse Selection.
Altho he came into the cabinet lineup at the last minute as a dark horse selection, Mr. Denby brings to the secretaryship an unusual background of naval experience. Besides having been an enlisted man in war time in both the navy and the marine corps, he has served as a member of the house naval committee and has gained thru close contact a knowledge of conditions beyond the insular possessions in the Pacific.

A lawyer by profession, he now holds the title of probation officer of the criminal court in Detroit, Mich. When Mr. Denby meets Secretary Daniels it will not be the first between the retiring secretary and his successor. During the world war when Mr. Denby was serving at the age of forty-eight as a marine sergeant, he broke a precedent and went direct to Daniels in an effort to smooth some of the troubles of the men serving with him.

Might Have Been Courtmartialled.
"The secretary might have courtmartialled me," said Mr. Denby, after relating the story, "but he didn't do it."

Most of the prospective secretary's service with the marines was in the morale department. No he was sent abroad for brief period as observer and was under fire on the American front in France. Before the war was over he had risen from private to second lieutenant.

Mr. Roosevelt's appointment as assistant secretary falls in with a family tradition, his father having first come to national fame while occupying that post and his cousin, Franklin D. Roosevelt having filled it until resigned last summer to accept the Democratic nomination for vice-presidency.

Like his prospective chief, Mr. Roosevelt is a veteran of the world war having served as lieutenant colonel of infantry in France. He is 33 years old and a member of the New York assembly.

Chicago Police Seize Money.
Chicago, Ill., Feb. 26.—Approximately \$90,000 in counterfeit money was seized by police who arrested four men charged with counterfeiting. The money was in bills of \$50 and \$1,000 denominations.

REFUSAL OF TROOPS PASSAGE WORRIES LEAGUE OF NATIONS

Switzerland Strikes a Blow at League's Moral Prestige

IS OPINION OF
LEON BOURGEOIS

(By The Associated Press)

PARIS, Feb. 26.—Leon Bourgeois of France, speaking at this afternoon's session of the council of the league of nations said that Switzerland struck a great blow at the moral prestige of the league by refusing right of way across her territory to the league's forces which will ensure order during the Vilna plebiscite.

Dr. Alphonse Dunant, the Swiss minister in Paris, had previously explained to the council that, while Switzerland greatly regretted being obliged to refuse, still she could not grant the request without abandoning her neutrality.

He pointed out that Poland and Lithuania, the parties to the dispute, had not agreed upon the conditions of the plebiscite arrangements and there was the gravest menace of hostile Bolshevik action.

M. Bourgeois admitted the difficulties of the Swiss situation but expressed the opinion that it was for the council to decide when the required conditions had been fulfilled instead of a member deciding for itself.

Membership Imposes Obligations.
He added that membership in the league imposed obligations as well as conferred rights and hoped the Swiss representative would convey to his government the assurance that the council understood the difficulties but keenly regretted the prejudice caused the league by its refusal.

M. Bourgeois suggested that when the Swiss federal council reconsidered the matter in the light of his remarks the cloud on the relations between Switzerland and the league of nations would be dissipated. Final discussion of the matter was postponed until next week.

M. Bourgeois then reverted to the request of the free city of Danzig for authorization to manufacture fifty thousand rifles for the Polish government. The council approved the recommendation of Viscount Ishii, Japanese, that the request be refused.

The council also approved the terms of a communique intended to clear up rumors that the reply to the American note on mandates had been referred to Mr. Balfour. The general terms of the reply, it was explained, had been considered in council, but Mr. Balfour had been asked to make a draft only because he was more familiar with the subject than the other members. This draft, when completed, will be discussed by the council, probably on Monday.

NO STEPS TAKEN TO COLLECT LOAN

WASHINGTON, Feb. 26.—Certificates of indebtedness signed by a representative of the Kerenky government of Russia for a loan of \$187,000,000 have expired the senate was informed today by Secretary Houston of the treasury department.

The obligation is therefore a demand one, he added, with interest and principal payable immediately, but no steps have been taken to collect either. The debt with interest now amounts to over \$200,000,000, he said. The information was given in response to a senate resolution and said that the advances had been made to the Russian government for its own purposes. No parts of the funds were set apart by the United States for the support of the Russian embassy here, the secretary, altho part of the funds were used for that purpose.

OPPOSED TO ANY REDUCTIONS NOW

Washington, Feb. 26.—The executive council of the building trades department of the American Federation of Labor has gone on record as opposed to any wage reductions in the building trades at this time. It was learned tonight. The council was said to have taken the position that while the wholesale prices of food, clothing and fuel have dropped the decrease have not been put into effect by the retailers.

SENTENCED TO FIVE YEARS IMPRISONMENT

Paris, Feb. 26.—Apostolos Therapis and Georges Kyriakis, former officers in the Greek army, were today sentenced to five years imprisonment in close confinement for their attempt to assassinate former Premier Venizelos of Greece, August 12, last.

STATE DEPARTMENT TAKES NOTICE OF PANAMA TROUBLE

Considers Steps Necessary to Avert War With Cota Rica

PANAMA ASKS UNITED STATES FOR GUNS

(By The Associated Press)

WASHINGTON, Feb. 26.—Officials of the state department began tonight consideration of steps to be taken in case it should be necessary to attempt to avert war between Panama and Costa Rica.

It was admitted that, despite the awkward precedent presented in the laying out of any course upon eve of a change of administration some decisive action might be necessary if the two countries should engage in hostilities. The obvious remedy offered of landing American troops to avert a clash was dismissed by those who believed both governments could be induced to listen to friendly council and, if not, to a stern warning that they said the department was prepared to issue if it should be necessary.

The request of the Panama government for aid in recovering the guns surrendered many years ago to the United States authorities cannot be complied with, it was said, for the reason that they long ago were disposed of and the money returned to Panama. The United States it was also said, was not eager to assist in arming the Panamanians since to do so would enable them to bring about the precise situation the department is anxious to avert. Diplomatically the situation presented was regarded as far from simple.

Coto is a strip of the territory whose sovereignty was demanded by Chief Justice White, acting as an arbitrator many years ago after one adjudication already had been made by President Loubet of France. Chief Justice White awarded the territory to Costa Rica, but it never has actually passed under Costa Rican control.

THREE ARRESTED IN CONNECTION WITH MAIL CAR ROBBERY

All Are Women and \$40,870 is Recovered With Arrest

TWO SAID TO BE WIVES
OF MAIL CLERKS

ST. PAUL, Minn., Feb. 26.—Arrest of three women and recovery of \$40,870 stolen from the mail car of Train No. 2, Northern Pacific railroad on February 25, was announced tonight by federal officers. Those arrested are Mrs. Alice Hendricks, 40; Mrs. Grace McDonald, 26, her daughter, and Mrs. Elizabeth Anderson, 27, a cousin. According to the federal officers they found the money in a locker in Mrs. Anderson's apartment.

The train was held up by a man who boarded the mail car with a forged pass. As the train neared Minneapolis he drew a gun and after fatally shooting Z. E. Strong, clerk, looted the registered mail and escaped.

The postal inspectors said they were searching for Delbert Smith, alias Red Summers, 20, as the bandit.

Chief Postal Inspector E. L. Jackson said tonight, Smith under the name of Summers, had been living with Mrs. McDonald. Both Mrs. Anderson and Mrs. Hendricks are said to be wives of mail clerks.

AIR POCKET THREW SEAPLANE TO GROUND

ROCKAWAY, N. Y., Feb. 26.—An air pocket encountered at an altitude of 800 feet which threw their seaplane into a tail spin and sent it crashing to the ground is believed to have been responsible for the death of Lieutenant Harold T. Stevens, U. S. N., and chief Machinists Mate Eugene Lindsay while making a routine flight over the naval air station today. Lindsay's home is in San Francisco.

Lieutenant Stevens and his wife lived at the air station. His parents' home is in Mount Vernon, N. Y.

BOWLING TOURNAMENT TO OPEN MONDAY

Buffalo, N. Y., Feb. 26.—The twenty-first annual tournament of the American Bowling Congress will open here Monday night. With an entry of 934 teams in the man event the tournament this year will be the largest ever held. The previous record was one of 900 teams in the tournament at Peoria, Ill., last year. There are 2,127 doubles, singles and 4,280 singles. The tournament will come to a close on the afternoon of March 31.

MARINES WHO RAID NEWSPAPER SENTENCED

Washington, Feb. 26.—The United States marines who recently raided a newspaper office at Managua Nicaragua have been found guilty by court martial and have been given sentences of two years and dishonorable discharge, the navy department was informed tonight in a message from Rear-Admiral Bryan.

COSTA RICA AND PANAMA ARE NEAR TO STATE OF WAR

Panama President is Said to Have Signed Declaration

NOTHING DEFINITE
KNOWN AS TO STATUS

(By The Associated Press)

PANAMA, Feb. 25.—It was learned officially this afternoon that President Porras has signed a proclamation declaring war against Costa Rica, but is holding it temporarily in abeyance.

The president, assured that the entire country is behind him, contemplates taking over dictatorial powers for the defense of the republic relying upon the national assembly to confirm his action. The intention of the president is to convoke a special session of the assembly on Tuesday for the purpose of ratifying the declaration of war and the president's dictatorial powers. A sweeping order was issued this afternoon by Eusebio Morales, secretary of the treasury and interior, abolishing the constitutional provisions regarding freedom of the press and establishing a strict censorship over Panamanian-Costa Rican developments.

Nothing Definite Known.
While nothing has been learned regarding the status of hostilities in the Coto district near the Pacific frontier, where Costa Rican forces on Monday occupied territory held by Panama, it was authentically reported that unauthorized forces were being sent from Panama in the direction of Bocas del Toro, whence came reports that the Costa Rican garrisons across the boundary are being reinforced.

Lack of arms and ammunition with which to equip the Panamanian forces which the government continues to organize still is proving an insurmountable difficulty. The belief is strongly held in official circles that the United States Government is in duty bound to furnish the Panamanian forces with necessary arms, since the country disarmed after completion of the Panama Canal treaty and has since been in a defenseless condition.

The Panama government is urging upon the canal zone authorities that the United States legislation here the advisability of recommending that the United States war department issue the necessary war materials and has expressed confidence that such recommendation will be forwarded to Washington.

ONLY ONE OTHER BANK THEFT LARGER

Jim Dunlap Relieved Bank of \$8,000,000 Thirty Years Ago

(By The Associated Press)

Chicago, Feb. 26.—Representatives of Burns and Pinkerton Detective agencies tonight said the theft of \$772,000 worth of Liberty bonds by William Dalton, was the largest bond theft on record in this country.

The second largest occurred about fifteen years ago when William Walker, cashier of the New Britain (Conn.) Savings bank absconded with \$558,000 in bonds of which he was defrauded later by confidence men, they said.

The theft, however, was not largest robbery on record. Thirty years ago Jim Dunlap, noted as a safe blower, trapped the watchman of the Ocean Bank of New York, blew the safe and obtained about \$3,000,000 in cash and securities.

FORCE STRIKERS TO RETURN TO WORK

WARSAW, Feb. 26.—The diet today defeated a motion condemning the government's action in militarizing the railroads, to break the strike and the government has suspended two newspapers for publishing a proclamation calling a general strike Monday. The war office is said to be compiling a list of the strikers and soldiers are forcing them to return to work under military regulation. The government is operating all express trains and more than half the local trains.

PRICE OF HARE AND RABBIT SKINS DECLINES

St. Louis, Mo., Feb. 26.—Bids on white rabbits upset the prevailing decrease of prices at the International Fur Exchange today showing an advance of 20 per cent over last May prices.

Hare and rabbit skins, however, showed an average decline of about 50 per cent in comparison with last year's auction. Total sales for the week are estimated at \$5,120,000.

SENATE PUTS THRU BIG APPROPRIATION BILL IN RECORD TIME

Measure Carries \$362,000,000 and Provides for An Army of 175,000 Men Instead of 150,000—Also Adopt Amend of General Pershing—Navy Bill Up This Week

(By The Associated Press)

WASHINGTON, Feb. 26.—The army appropriation bill carrying \$362,000,000 and providing for an army of an average strength of 175,000 men instead of 150,000 voted by the house for the next fiscal year was passed tonight by the senate and sent to conference.

The big army budget went thru in record time of less than three hours, opposition to the army increase provisions and the increase of \$31,000,000 over the house bill failing to materialize.

Immediately after passage of the army bill, Senator Poinsett, Republican, of Washington, moved to take up the navy appropriation bill the last of the appropriation measures before the senate but withdrew his motion when it was announced that an agreement had been made with leaders by Senator Borah, Republican, of Idaho, that the naval bill should wait until next week.

Adopt Pershing Amendment.
In passing the army measure the senate adopted an amendment requested by General Pershing providing for a promotion to the grade of lieutenant-general of Major General Hunter Liggett and Robert L. Bullard, who commanded field armies overseas.

The senate provisions increasing the size of the regular army to 175,000 went thru with a rush after the senate had adopted an amendment by Senator Borah, limiting army expenditures to the total carried in the senate bill and operating to bar any efficiency appropriations later.

Among the senate military committee increases in appropriations adopted was an increase from \$19,200,000 to \$22,000,000 for the army air service. The senate also adopted the proposed increase from \$1,000,000 to \$2,500,000 for vocational education in the regular army and another amendment increasing from \$350,000 to \$500,000 the appropriations for Alaskan roads.

A committee amendment providing for discharge upon request of men in the regular army with more than one year's honorable service also was adopted.

FEDERAL AGENTS RAID CABARETS

(By The Associated Press)

NEW YORK, Feb. 26.—Prohibition agents raided sixty-four in the white light district late today, taking more than 100 prisoners and seizing a large quantity of alcoholic beverages.

Thomas Healy's restaurant at Columbus avenue and fifty-sixth street, the Moulin Rouge on West 45th street, the Marlborough Grill at Broadway and 26th street and the Strand Roof Garden at Broadway and 47th street, were among some of the more prominent places visited by the raiders.

Prisoners were all proprietors and employees of the raided establishments where liquor was found.

The retiring comptroller of the currency attacks the U. S. Steel corporation for alleged exorbitant charges. Most people know little or nothing about this charge or the reasons for making it. Many, however, happen to know that the steel corporation can at least point to the fact that its prices for steel during the war period and subsequent days, have been very much lower than the scale of prices made by the so-called independent companies.

organization of the Jacksonville chamber of commerce. All in the group of business men to whom the remark was made applauded, which can be taken as meaning that there would be no trouble in finding interest in such a project. Business conditions have not been generally satisfactory during the recent months, but on every hand there are indications that another period of business prosperity is soon to open.

While a business organization here may not be able to secure a great array of factories, there are lines of activity which can be followed with great benefit to the community. The chamber of commerce should be resuscitated and given the hearty support that such an organization deserves.

Mr. Fricke, president, has been doing more than the average unsupported official but a chamber of commerce to perform its rightful functions must have the co-operation of a large number.

Horror!
A poor hypochondriac who was always imagining that there was something wrong with him, called in the doctor one morning and told the doctor he believed that he had swallowed a mouse during the night, because he could feel the mouse nibbling in his stomach. The doctor, to humor the poor coo, told him to toast a piece of cheese and get a cat. Then he was to place the cheese on his nose, lie flat on his back on the floor and keep the cat near him. The mouse would come up to get the cheese and the cat would catch it. The poor fellow went home and followed instructions. About four hours later the doctor was called to the telephone. The hypochondriac was groaning over the phone.

"Oh, doctor, I feel so sick!" he said. "Something terrible has happened. While I was lying on my back I fell asleep, and now the cat has disappeared. I think it went down after the mouse!"

In the estate of Elinor J. Cashin, of which Michael Cashin is the administrator, report showed the estate insolvent and affairs relating to it were closed.

In the guardianship of Frank Deters, a supplemental inventory was filed by the guardian, J. Emil Peterson.

In the conservatorship of W. D. Waggener, the petition for sale of personal property at private sale was allowed.

In the estate of Mary F. Bryant, the inventory was approved, as was the petition to omit appraisement.

In the estate of Margaret J. Ash, of which J. K. Cunningham is the administrator, final report was approved.

In the estate of Hannah E. Traylor, the inventory was approved and the petition to omit appraisement allowed.

In the matter of the Grace Cemetery association, the court appointed as trustee to succeed themselves A. H. Schumacher, Fred Neimhuener and Henry Hemminghaus. The property is located in the vicinity of Bethel, north of Chapin.

MR. COLLINS TO LEAVE FOR MUSKOGON
Rev. W. E. Collins will preach his final sermon as the pastor of the Congregational church this morning. Tomorrow Mr. Collins will leave for Muskogon, Mich., to make preparations for the arrival of his family. The household goods were shipped several days ago. Mr. Collins during his three year pastorate here has been active identified with Red Cross work and with various civic enterprises. He is thoroughly interested in the cause of religious education and under his leadership there has been steady development in Jacksonville along that line of church effort. In Muskogon he is beginning work in a larger field and the call to the church there is a recognition of the excellence of his work in Jacksonville.

SOCIAL SERVICE LEAGUE GAVE AID
Many cases constantly come to the attention of the Social Service league which give proof of the worth and importance of the work. Recently two young women came from southern Illinois to take positions at one of the local state institutions. It was found that they were under the age which the law fixes for persons who enter upon this service. One of the two, who was but 17 years of age, applied to the Social Service league for assistance.

As a result a way was found to communicate with the girl's father and she was sent to her home. As she was wholly untrained and not able to take a position of any kind, her situation would have been unfortunate without the helping hand given by the league.

WILLIAM SWITZER HAS SOLD JAPANESE MARKET
Harrison Simons is New Owner of Grocery Store at Corner of West and Morgan Streets.

By a deal which has just been consummated, the ownership of the Japanese Market at the corner of West and Morgan streets, passes from William Switzer to that of Harrison Simons. The new owner is to take possession Tuesday, March 1.

The Japanese Market has been conducted for the past twelve years by Mr. Switzer, who erected the building which has housed the grocery store during that period and which has been leased to the new owners.

The new owner has for the past two years been employed at the Huxby & Jenkinson bakery. He was born and reared in the Asbury neighborhood and prior to coming to this city was engaged in farming. He and his family will occupy the house just west of the store, which is the property of Mr. Switzer.

Mr. Switzer will leave at an early date for Colorado Springs for a stay of a year or more. Mrs. Switzer having been in the Colorado city for the past several months. Mr. Switzer stated yesterday that he was the first grocer to inaugurate the cash and carry plan in Jacksonville, and that he was also the first grocer to employ other than male clerks, with the exception of the late C. L. Degan, whose sister assisted in the store. Mr. Switzer was engaged in farming in Scott county before coming to this city twelve years ago. In view of the fact that he had no previous experience in the grocery business, his success is the more noteworthy.

REV. T. N. MARSH WAS WHITE HALL VISITOR
Venerable Baptist Minister Recovering from Serious Illness of Past Weeks—More Than Fifty Years of Active Service in Ministry.

White Hall, Feb. 26.—As the arising out of the spiritualism, the venerable Rev. Thomas N. Marsh came up from Alton by train Friday, and circulated among his numerous White Hall friends until noon Saturday, when he proceeded to Alsey to fill his regular appointment for the first time since his almost fatal illness that caused the report to be circulated that he was dead, his obituary appearing in all the graces of goodness and admirable qualities resulting in flowers and other manifestations of tribute and grief being received at the home of the aged minister.

Rev. Mr. Marsh was the center of a group of admiring friends wherever he stopped to converse, and recounted his experiences and wanderings that resulted in his finally being taken in the care of friends at Rockbridge, after his horse had wandered about the greater part of a day with its unconscious master, who has one recollection of fighting his way out of a stream of water and then saving his horse from drowning. He was sent home by train, and there collapsed. A week after arriving home his invalid step daughter died, and this probably had to do with the report of the death of Rev. Marsh. He says that the flowers were transferred to the tier of his step-daughter. Asked how he remembered his death experience, he simply says he doesn't know, as he was unconscious when the reports were circulated. The words of praise and tribute cheered the old man so greatly that doubtless they aided him in taking the road to recovery. In two weeks past he has gained sixteen pounds.

In April he will have rounded out fifty-four years of active service in the Baptist Ministry over this section of Illinois. He was born in the Patterson neighborhood, just northwest of White Hall, July 15, 1842, and is the oldest active Baptist minister in this part of the state if not in Illinois as a whole.

WILL CELEBRATE CORN DAY AT STRONGHURST By Associated Press.

Chicago, Feb. 26.—Fireworks, parades, speeches, dinners, bands, movies, "stunts"—all these will be a part of the Henderson County Corn Day at Stronghurst, Wednesday, March 2, when several cars of gift corn, it is expected, will be offered by the farmers of this Western Illinois community to the starving children of Central Europe. This in answer to an appeal of Herbert Hoover made thru the American Farm Bureau Federation.

"Everybody in this county will turn out," declared County Farm Bureau President R. N. Clark to officials of the Illinois Agricultural Association, in inviting them to speak. "If we don't give a lot more than we've promised I'll miss my guess."

WOULD CONTROL ROADWAY CAMPING

New Law Is Before Legislature Fostered by Farmers.

Farmers of Morgan county are interested in a bill now before the legislature which proposes to regulate camping along roadways. It frequently happens that farmers sustain loss and inconvenience from itinerant travelers who go into camp along roadways, and the new law proposes to remedy the trouble. The bill proposes to amend section 153 of an act to revise the law in relation to roads and bridges and its principal paragraphs are as follows:

"It shall be unlawful for any itinerant person or persons on any public highway in this state to either hitch or turn loose any stock, cows, horses or other animals for the purpose of feeding the same, or to camp on such highway of this state for a period to exceed twelve hours in any one township or road district.

"And it shall be unlawful for any itinerant person to camp, for any length of time on any highway adjacent to any school ground, church or cemetery at a place opposite such school ground, church ground or cemetery, or on a public highway, at any place within one hundred yards of any house or residence without having first obtained the consent of the person or persons having control of such school ground, church ground or cemetery or house of residence.

Any legal voter or resident of this state may enter a complaint before any court having jurisdiction against any person or persons found violating this section, and it shall be the duty of such court to issue a warrant for the arrest of such violators and have them brought forthwith before said court for examination, and if found guilty of such violation as charged, shall be fined in a sum not less than ten dollars (\$10) or exceeding fifty dollars (\$50) for each such offense, or committed to the county jail not exceeding thirty days, at the discretion of such court. It shall be the duty of the commissioner of highways to enforce the provisions of this section and to that end procure warrants for the arrest of all violators thereof."

TEACHING FIRST AID MINE RESCUE WORK Springfield, Ill., Feb. 26.—

Mine rescue and first aid work is now being taught miners in Illinois by a specially equipped United States government car working under the supervision of the Federal Bureau of Mines. On this car is an engineer, foreman miner, first aid miner, physician, clerk and cook. Special instruction is given classes on the car while it is parked near the mines.

The car made its longest stop at Pana, Ill., where between 150 and 200 men received the mine rescue instruction and were granted certificates by the federal bureau of mines. Following this course the men were examined by James Clusker from the State Bureau of Mines, and Martin Bolt of the State Department of Mines and Minerals told them they would be given state certificates to do mine rescue and first aid work.

Following the course at Pana the car proceeded to the Rosiclare mines where a stop of 10 days was scheduled. Four other points will be visited.

MAY COST BANKS LOTS OF MONEY Detroit, Mich.—Decision by Justice Arthur E. Gordon here that the Highland Park State Bank is responsible for payment of \$500 to a local Russian, who made an ineffectual attempt to have the money sent to Russia, will cost Detroit banks millions of dollars if it is upheld by the courts, bankers here assert.

In 1917 Peter Moroz gave the bank \$500 to send to his wife in Russia. The money was exchanged for 3,000 Russian rubles but the institution found it impossible to send the money due to unsettled conditions in Russia. The bank offered to give Moroz 3,000 rubles but due to the decline in the exchange rate the rubles, purchased for \$500 in American money, now are worth but \$25. The justice held the bank was responsible for \$500.

Appeal has been taken by the bank to the circuit court here and announcement is made the case will be carried higher if the circuit judge who hears it sustains the justice's decision. It is said many other similar cases have been brought to light here and that if the decision is sustained local bankers will lose several million dollars.

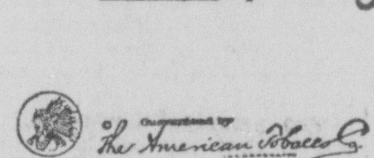

ORGANIZE LIVESTOCK SHIPPING ASSOCIATION Herbert J. Rucker, assistant farm advisor was in Champaign, Ill., yesterday where he assisted in the organization of a livestock shipping association for that vicinity.

There was a good attendance and much interest was shown. The association starts with a membership of thirty-four. The following were chosen directors: A. Anderson, O. P. Hamilton, R. E. Fox, Wilbur Williams, John Drake, H. Depper and A. Schumaker.

Mr. and Mrs. John Barry and daughter, Robertine of Barry, were shoppers in the city Saturday.

Blatchford's Calf Meal
Saves both milk and money
Used in the United States over 39 years
Good to the last drop
THREE factors have made this famous milk-substitute feed the choice of careful and discriminating farmers and dairymen. First—its quality. Blatchford's is above all a quality calf meal. It contains no waste materials or by-products of low feeding value. Second—it contains all the nutritive and growth-producing properties required by the calf. Third—it is economical. It can be used at less than half the cost of using milk.

Old Letter Pictures Puritan Family Life

Not long since there came into this great value as an heirloom, possession of Capt. F. C. Taylor is printed herewith:

Starbuck Plantation,
Nantucket Island,
September 20, 1745.
My Own Dear Mother:

It seems a very, very long time since you and my honored father and my ever-beloved brothers and sisters started for your new home. But I suppose you have not at this writing reached your destination, and I think of you every day and all day long as marching and marching, following the lonely trail through the interminable forest and sometimes I am tempted to repine in that my father thought it best to remove to that far away settlement. But my grandfather tells me that the entertaining of that sentiment would be unworthy of the daughter of a pioneer, and since it was thought best for me to remain behind for a season, I must improve my time to the best advantage. This I try to do with cheerfulness and Aunt Content is so kind as to say that I am of service to her in her household duties, and in spinning and weaving.

Preadventure my letter shall be a puzzle to you. I hasten to say that I indite a paragraph or two at a time, upon leisure, and whenever anything comes into my mind that I desire you to know, I straightway go to my uncle's desk and set it down. I do this, dear mother, that you may share in my pleasurable thoughts and may know of my daily life.

The principal news I have to tell is that my cousin Nathaniel Starbuck has returned to Boston from his late long voyage to China, and is now hourly looked for here. There are divers preparations being made for his welcoming. My grandfather walks restlessly up and down the yard with his stout stick. Uncle Nathaniel says with pride, "The boy will have many stories to tell." Aunt Content flits about the house with a smile on her face and anon tears in her eyes, concocting the favorite dishes of which her son used to be fond, while dear old grandmother knits and knits, because she says, "Than'el never yet wore any stocking but of my make, and I must have a supply for him to take on his next voyage." I, even I, am to have a new blue gown, made from aunt's web, which is the finest and softest piece of flannel ever made on the island.

My cousin has come. He is tall and lithe with handsome hair but his complexion is bronzed by ocean winds and eastern suns.

He has brought a great many curiosities and presents for us all. One is a silken, creamy shawl for me, woven and embroidered with beautiful flowers. Another is a gown of foamy Canton crepe, as white as snow, and they are so pretty I am sure I shall never dare to wear them. Grandmother says they shall be kept for my wedding, but Aunt Esther

says it is not seemly for such thoughts to be put into a maid's head. Yet Aunt Content gave me, the other day, a white piece of linen from the fall bleach, "to be kept," said she, "for a day of need."

Cousin has returned to Boston and yesterday he sent by a trusty messenger another sea chest. In it a large box of tea, the first that was ever on the island; real Chinese tea which he himself procured in China. It is of a greenish color, with shriveled leaves, and when eaten dry has a pleasant, spicy taste. Perhaps when I have opportunity to send this letter I can enclose a sample quantity that you may see what it is like. He also sent by the same hand a letter saying when he returns to Nantucket the owner of the ship in which he voyaged, Captain Morris, will come with him from Boston to pay us a visit.

We are again making master preparations for visitors, and if you will believe it, the large parlor, which has not been used since Aunt Meliabale's wedding, is to be open. When I was admiring it this morning, Aunt Esther rebuked me gravely, saying: "The bright things of this world are of short duration." But dear, gentle grandama observed, with a smile, that it was "natural and right for the young to admire beauty," at which Aunt Esther seemed displeased.

We have just had tidings that Cousin Nat and his friend, Capt. Morris intend to arrive here on the 31st of December. Uncle Nathaniel says he will have a tea party and invite Lieutenant Marcey's family and Uncle Edward Starbuck's family, and a few others, to meet our distinguished guests and to "sit the old year out and the new year in."

We cooked a bountiful dinner and our guests all came. I wore my new blue gown with some lace that grandama gave me in the neck, and my own dear mother's gold necklace. I tied back my curls, that Cousin Nat will not allow me to braid, with a blue ribbon which he bought in London. Aunt Esther said men dislike to see girls look so brave but grandama kissed me, calling me a "bonnie blue bell."

Aunt Content has been much pestered in her mind because she knew not how to cook and serve the tea, and after our neighbors had assembled, she confided to them her perplexity. They all gathered about the tea chest, smelling and tasting the fragrant herb. Mrs. Lieutenant Marcey said she had heard it ought to be well cooked to be palatable, and Aunt Edward Starbuck said a lady in Boston, who drank tea, told her it needed a good quantity for a steeping which was the reason it was so expensive. So Aunt Content hung the bright five-gallon kettle on the crane, and putting a two quart bowlful of tea in it with plenty of water, swung it over the fire. Aunt Esther and Lydia Ann Marcey stayed in the kitchen to keep it boiling.

While I was laying the table I heard Lydia Ann say, "I have heard that when tea is drunk it gives a brilliancy to the eyes and a youthful freshness to the complexion. I am fearful thy sister-in-law failed to put in a sufficient quantity of the leaves." So Aunt Esther put another bowlful of tea into the kettle.

When the tea had boiled about an hour, my cousin and Captain Morris arrived. The tea had boiled down to about a gallon, was poured into grandama's large silver tankard and carried to the table, and each guest was provided with one of her silver porringers, also with cream and lumps of sugar.

The Captain talked to me before dinner, and I told him before I knew that I was getting confidential, how you were all off in the wilds. He said enterprises was what the new country needed, and that it was not best to have Nantucket peoples entirely with Starbuck—that I was one of the old stock, it was plain to be seen, if my name was Wentworth. I saw Aunt Esther looking at me so sharply that I remembered she had often told me that it was not seemly for me to talk with men, and presently became discreetly silent. But

when dinner was announced, the captain took me out and made me sit by him.

After grandama had asked a blessing on the food, Aunt Content said, "I have made a dish of tea for you, but am fearful that I have not prepared it as it hath need and would like to have your own opinion." Whereupon my cousin and the captain looked and sniffed at the tea and my cousin made answer: "As my loved mother desires my opinion I must needs tell her that a spoonful of this beverage, which she has with such hospitable intent prepared for us, would nearly kill any one of us here at this table." The captain then said laughingly, that Aunt could keep the deception for a dye to color woolens. He further said he would, if she so desired, instruct her how to draw the tea himself. "And this young lady," he continued, turning to me, "shall make the first dish of the beverage used in Nantucket."

Dinner being over, they all remained at the table except Captain Morris and myself (for Aunt Content bade me to assist him as he should direct). We searched for a suitable vessel wherein to draw the tea. At last I saw Uncle Nathaniel's large grey stone pitcher, into which our guest instructed me to put as much of the tea as I could hold between my thumb and forefinger for each person, and an additional pinch for the pitcher. Then he told me to pour upon it boiling water sufficient for us all and set the pitcher on the coals and let it remain until it came to a gentle boil. He was so kind as to say it was the best dish of tea he ever drank.

We had a wholesome dinner and an enjoyable one withal. Cousin Nat told stories and sang songs, in which latter recreation Captain Morris joined, and the happy New Year greetings took the place of goodbyes when our neighbors left for their respective homes.

My cousin's friend still lingers for the shooting, and there is not much spinning or weaving done, it takes so much time for the cooking and the eating and visiting. He is very agreeable and calls grandfather the "Miles Standish of Nantucket." I heard him tell Uncle Nathaniel that he had good blood, and that ever since he first became acquainted with Cousin Nat he had conceived a great admiration for the Nathaniel Starbuck, and he said something about a wife. Perhaps he remains here so long on Aunt Esther's account, but dear me, she is so prim (I write with all respect, dear mother) and he is such a social gentleman, I do not understand how such a union could be harmonious. If he has regard for her it must be on account of the Starbuck blood.

Oh, my mother, how can I tell you? It is not for love of Aunt Esther that Capt. Morris remains, but me, your own little daughter. And all the Starbuck's indeed, saying Aunt Esther, who declares with quiet wrath that I ought to be put back into pinafores, have given their consent that I shall be married and sail away with my husband in my husband's ship, to foreign parts, to see (for myself all the beautiful and wonderful things of which I have heard so much of late. But I will not give my consent until I have that of my father and mother first, so there is a company being made up to go, with my Cousin Nathaniel and the Captain, through the winter snows to your far away home.

I am sure, dear mother, that you, who know my heart so well, will not think it unseemly for me, that the Lord will guide your heart and that of my father to feel kindly disposed toward this gentleman, for indeed he is of good repute, and is so kind as to be very fond of me, and I feel that if I have your consent, and that of my honored father, together with your blessing, I shall be very happy and take an honest pride in being his honored wife.

The Captain declares, laughingly, that I am sending him off on a quest. Like a knight of old, to prove his love. I cannot help thinking it strange, his wanting to marry me, and when I said so one day, he replied, gravely, that it was all on account of the tea, which got into his head. And indeed it may be so, for I was tightly and hardly shut my eyes to sleep at all the night after partaking of it and even dear grandmother says she would not answer for the consequences of what she might be led to do were she to make use of it every day.

I sat along with other small articles a quantity of this famous tea, and a bit of the white crepe that I shall if so it seemeth best in the judgment of my honored father and dear mother, wear in good time as a wedding gown.

The household all join me in sending loving greetings to you all.

I remain now and ever your dutiful and affectionate daughter,

Ruth Starbuck Wentworth.

This letter was sent from Saratoga N. Y., where it was read at a dinner, at the home of one of the Starbuck's. A little note accompanied it saying it was an ancestral letter, that had been handed down from generation to generation through a chain of families. The original, an old yellow letter with jagged creases—the writer, modest Puritan maiden, who so quaintly tells the charming story of this eventful passage in her pure, sweet life of a hundred years or more ago was laid away in one of the Boston Churchyards.

GIVES UP SCHOOL

WORK FOR BASEBALL

CHICAGO, Feb. 26.—A superintendent of the public schools is to desert his position and answer the call of the major league diamond. P. Jorgensen, head of the public schools of Guttenberg, Ia., is the man who has forsaken the school house for the baseball field. Jorgensen has signed to pitch for the Chicago White Sox, and will leave Chicago the latter part of February in the advance squad of battery men, for Waxahachie, Texas, the training camp of the club.

Numerous college players have come into the -major leagues, some signing contracts before But this is the first instance where a college man, after ascending to the position of head of the public schools, was willing to sacrifice his position to play baseball.

The baseball bug started in Mr. Jorgensen's ear when he was very young. His first baseball was played while a member of a kid-nine, at Lusk, Wisconsin. Later he came to Kimballton, Iowa, his home town, where he was manager of the club for two seasons. After entering the Teachers College at Cedar Rapids, Iowa, he was one of the club's leading pitchers, and performed on the slab for four seasons, being chosen captain in his senior year.

In the summer of 1919 Jorgensen pitched for the Akeley, Iowa team and had a good season. Last year as a member of a semi-professional team in Kimballton, he helped his team defeat some of the best clubs in this section of the state. It was at this time that the baseball scouts discovered what they thought would be a "find." The Milwaukee club of the American association tried to induce Jorgensen to sign a contract but he declined the offer and in the fall of that year he returned to Guttenberg and resumed his teaching. The spring of 1920 Jorgensen was appointed superintendent of the public schools.

Jorgensen throws right hand, but at the plate he bats either right or left hand. His batting average for last season was near the 400 mark. He is 5 feet, 9 inches tall and weighs about 155 pounds.

Many have found there, that it was a serious error when they were told that the angels were knocking at the door. Bear in mind that the nurses and surgeons of The New Home Sanitarium are never happier than when relieving the suffering or extending leases on borrowed physical frames. WILL ESTABLISH FOOD RESEARCH INSTITUTE IN WEST

Will Be Located at Leland Stanford University

CARNEGIE CORPORATION BACK OF MOVEMENT

NEW YORK, Feb. 26.—The Carnegie Corporation of New York tonight announced it had entered into an agreement with Leland Stanford, Jr. University of California by which a food research institute is to be established at the university for the intensive study of the problems of the production, distribution and consumption of food. The corporation expressed hope that

the new organization will be in time known as the Hoover Institute.

Need for such an institute was first suggested to the corporation by Herbert Hoover, former food administrator and the selection of Leland Stanford as its home was due in part to the fact that there is deposited documentary material relative to the economic side of the war gathered by Mr. Hoover. He will serve as a member of the advisory committee. The institute will begin work July 1, and the corporation will provide \$700,000 for its support for ten years.

GOOD FRENCHMEN DO NOT BANISH WINES

Paris, Feb. 26.—Questioned in the chamber of deputies today if it was true that M. Jusserand, the French ambassador at Washington, had abolished French wines from the embassy table, M. Doumer, the finance minister replied: "Our ambassador is too good a Frenchman; he has too good a taste to bar from his table the best wines in the world. I am satisfied he can make America understand that if it is a good thing to fight alcoholism, French wines are an antidote for alcoholism."

EXPECT NO CHANGE IN GOVERNMENT

(By The Associated Press)

RIGA, Feb. 26.—Artillery and machine gun firing in Nanavnikov, a suburb of Moscow, in connection with the strike begun Thursday by 14,000 employees of the government works and various other works and various industries is reported in a despatch from Moscow. Secret service operatives are provocatively suppressing the strike movement according to the despatch which adds that no change in the government is expected.

A Riga despatch of Friday said that troops called out to disperse the strikers had killed or wounded several of them. The strikers are demanding an increased bread ration convocation of a constituent assembly and the right of free trade.

INTERESTING EXPERIMENT WITH VELVET BEANS

The velvet beans, a southern forage plant, is adopted to southern Illinois and promises to take the place of clover, alfalfa and cowpeas there according to experiments conducted by the University of Illinois in co-operation with W. J. Morse, investigator of the velvet bean for the United States Department of Agriculture. Experiments with two varieties of the bean were tried in Franklin and Williamson counties last year and will be repeated in other counties of southern Illinois this spring.

Clover and alfalfa have been the favorite crops of southern Illinois but because of the nature of the soil a large quantity of limestone must be used with these crops. Limestone is both expensive and almost unavailable, the demand far exceeding the production in last four years.

Accordingly the southern Illinois farmer has been substituting cow peas for clover and alfalfa because the acid resisting cow peas do not need limestone. The velvet bean not only has this acid resisting quality but in addition produces a greater amount of green organic material.

The experiments have not been completed but the indications are very promising so far. This velvet bean is not generally known in Illinois but it is a common forage crop, it is used as leguminous green fertilizer and for seed production.

RESOLUTIONS OF SOCIALISTS ARE DRASTIC IN NATURE

Talks of Brutal Domination of Upper and Middle Classes

SAY HOPE THRU BALLOT IS VAIN

(By The Associated Press)

VIENNA, Feb. 26.—The draft of resolutions presented at the international Socialist conference today opens with the declaration that the brutal domination of the upper and middle classes in the United States, Great Britain, France and other countries proves they are able to exercise dictatorial powers over the proletariat, even in democracies.

Workers, it says, can protect their rights thru organizing the working middle-classes, intellectuals and the semi-proletariat of the rural regions in an effort to control the government but the form of class struggle depends upon conditions in each country and the social structure of the military elements.

"Where the Bourgeoisie controls," adds the draft, "hope thru the ballot is vain, but the economic and military force of the masses will decide the question. The workers are gaining power thru mass action, strikes and armed resistance."

WILL AWARD A LL ROUND CHAMPIONSHIP

Urbana, Ill., Feb. 26.—The man who makes the best performance in the seven special track and field events at the Illinois Relay Carnival here March 5 will win the all-round championship. Several stars have sent in their entries to the University of Illinois.

That the all-round championship will be capably judged is assured with the announcement that Avery Brundage will not act as referee. Brundage, a graduate of the University of Illinois, was the winner for three years of the national championship in the American Athletic Union. Harry Gill, the Illinois track coach, has had the honor of winning the event twice. Gill won it first as an amateur and again as a professional.

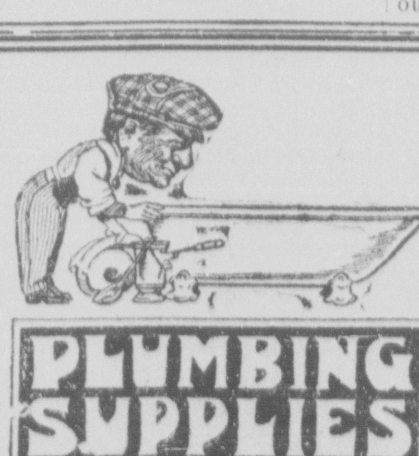

Brutus Hamilton of Missouri, who went to Antwerp last summer on the Olympic team and placed highest of all Americans has sent in his entry blank. Jack Bradley of Kansas has also entered.

The University of Illinois entry will be H. M. Osborne of Butler, Illinois. Osborne was runner-up in the event last year and has been going good this season.

WOULD HAVE EFFICIENCY IN THRESHING GRAIN

Peoria, Ill.—Increased efficiency in threshing grain and legislation affecting threshermen will be the principal subjects before the 12th annual convention of the Illinois Brotherhood of Threshermen opening here Tuesday. Arrangements have been made with the railroads for one and one-half fare for threshermen and farmers attending the convention.

"Our membership is one of the largest if not the largest in the United States," said J. M. Boyer of Decatur, secretary of the association, in discussing the coming convention.

"We are accomplishing results. At first we could not get our machinery insured at any reasonable rate. The rates were so high they were almost prohibitive and each man was left to carry his own fire risk. Our books now show \$1,000,000 worth of insurance and more than \$40,000 was saved the threshermen of Illinois in fire insurance alone last year. We expect to have members in every county in the state by the end of this year.

"Our aims are to increase efficiency in threshing, to save more grain for the producer, to more rapidly get the grain from the fields into the granaries and elevators before damage is done by weather conditions, to exchange ideas of how to handle machinery to preserve and protect the roads, to secure better protection under the law and to establish a threshing rate thru-out the state. Some threshermen are too high and some are too low in their prices."

CHICAGO WILL HAVE BASKETBALL TOURNAMENT

Chicago, Feb. 26.—Teams from all sections of the country are expected to compete in the third annual interscholastic basketball tournament national in character. The event will be held March 10, 11 and 12. Besides the individual and team trophies which will be awarded to the teams finishing first and second, the winning team will be proclaimed the national interscholastic champion.

Twenty-four athletes from eleven different states made last year's tournament a brilliant success, and this year's entries are expected to make the 1921 meet the best of all. The race last year narrowed down to Wingate and Crawfordville, both Indiana fives, the former winning out after a spirited struggle.

A BANK WHICH IS STRONG IN MONEY AND METHODS

ILLINOIS COLLEGE
IN MINOR DIVISION

Was Placed There by Committee
In Session at Decatur Friday—
Opening Game Will Be With
Northern Normal of DeKalb.

Coach Harmon was compelled to leave his Blue and White five at Peoria Friday and journey to Decatur to attend the meeting of the committee of coaches to assign the teams to the major and minor divisions for the state basketball tournament.

In the schedule which is given

with it will be seen that Illinois is placed in the minor division. The Blue and White opens with Northern Normal of DeKalb. This team is not known to the fans in this section but has a good record, including a win over Bradley on the Bradley floor.

In case Illinois wins the opening game her next opponent will be with the winner of the Shurtliff-Mt. Morris game. If successful in that contest the next game will be with the winner of the McKendree-Eastern Normal contest, which probably will be McKendree. Winning that game will put Illinois in the semi-finals where they will likely fight it out

with Eureka for the championship.

The men who met at Decatur Saturday were: C. P. Lantz, Eastern Normal; H. H. Russell, Normal; Sam Barry, Knox; N. G. Wann, Millikin; W. T. Harmon, Illinois College.

The meeting was held in the Decatur Y. M. C. A. at 11 o'clock Saturday morning. Knox refused to enter the tournament and the committee had no power to take any action in the matter. Coach Harmon objected to the placing of St. Viators in the first division on the ground that she had played but two conference games.

One of these was a win over Augustana on the Augustana floor. Mr. Harmon took the stand, and it is logical too, that there should be some incentive for a team to look games with as many teams as possible in its own conference. Such action would take away this incentive.

The officials for the tournament are, Birch and Reynolds who officiated last year and Young and Millard, former Wesleyan players who will handle most of the minor division games. The dates for tournament are March 3, 4 and 5. The schedule follows:

Major Division.
Thursday 11 a. m.—Game 4—Wesleyan vs. Northwestern College. 1:30 p. m., game 6, Lombard vs. Monmouth. 2:30 p. m., game 7, Millikin vs. Normal. 3:30 p. m., game 8, Augustana vs. St. Viator. 8 p. m., game 10, Loser Game No. 4 vs. Loser Game No. 6. 9 p. m., game 13, Loser Game No. 7 vs. Loser Game No. 8.

Friday—10 a. m.—Game 17.
Winner Game 4 vs. Winner Game 6. 11 a. m., game 18, Winner Game 7 vs. Winner Game 8. 7 p. m., Game 23, Winner Game 10 vs. Loser Game 17. 8 p. m., Game 24, Winner Game 13 vs. Loser Game 18.

Saturday—10 a. m.—Game 29.
Winner Game 17 vs. Winner Game 24. 11 a. m., Game 30, Winner Game 18 vs. Winner Game 23. 4 p. m., game 32, Loser Game 29 vs. Loser Game 30, to determine winners of third and fourth places. 9 p. m., Game 34, Winner Game 29 vs. Winner Game 30, to determine winner of championship and winner of second place.

Minor Division.
Thursday—3 a. m.—Game 1, Shurtliff vs. Mt. Morris. 9 a. m., Game 2, Illinois vs. Northern Normal. 10 a. m., Game 3, Eureka vs. Lincoln. 12:30 p. m., Game 5, McKendree vs. Eastern Normal. 4:30 p. m., Game 9, Southern Normal vs. Hedding. 7 p. m., Game 11, Carthage vs. Winner Game 3. 5:30 p. m., Game 12, Loser Game 1 vs. Loser Game 2. 10 p. m., Game 14, Loser Game 3 vs. Loser Game 5.

Friday—8 a. m.—Game 15.
Winner Game 1 vs. Winner Game 2. 9 a. m., Games 16, Loser Game 9 vs. Loser Game 11. 1 p. m., Game 19, Winner Game 14 vs. Loser Game 15. 2 p. m., Game 20, Winner Game 16 vs. Winner Game 12. 3 p. m., Game 21, Winner Game 5 vs. Winner Game 15. 4 p. m., Game 22, Winner Game 11 vs. Winner Game 9. 9 p. m., Game 25, Winner Game 19 vs. Loser Game 22. 10 p. m., Game 26, Winner Game 20 vs. Loser Game 21.

Saturday—8 a. m.—Game 27.
Winner Game 21 vs. Winner Game 25. 9 a. m., Game 28, Winner Game 22 vs. Winner Game 26. 3 p. m., Game 31, Loser Game 27 vs. Loser Game 28 to determine winners of third and fourth places. 8 p. m., Game 33, Winner Game 27 vs. Winner Game 28 to determine championship and winner of second place.

INTERSCHOLASTIC B. B. TOURNAMENT
Chicago, Feb. 26.—Final arrangements for the third annual interscholastic basketball tournament at the University of Chicago to be held March 10, 11 and 12 are being completed. Many applications for entry have been received from strong high school teams throughout the country, and the invitation committee is making its selections of those with the best records. Last year eleven states were represented.

Silver cups will be awarded the three teams of highest standing at the termination of the tournament, and in addition the individual members of the winning team will receive gold watches. The second and third team men will be awarded gold and silver basketball watch charms respectively. Bids are open to all division champions.

WAVERLY HIGH WINS
FROM JACKSONVILLE

Defeated Locals By a Score of 18 to 15—Personal Fouls Marked Contest—Seconds Lost to Franklin High 30 to 15.

Waverly high took Jacksonville high into camp at Waverly Saturday night by a score of 18 to 15. The game was hard fought and rough both teams being guilty of fouling. Waverly had seven personal fouls while Jacksonville had two personal and two technicals. Jacksonville did not play up to the form displayed in the game with Normal Friday night, her work at shooting being off color. Woods, Alexander and Goebel scored Jacksonville's points while Barrett, Redfern and Crum were Waverly's point makers.

Reserves Lose to Franklin.
Jacksonville's Reserves went to Franklin Saturday evening and played Franklin high in Marquette hall, losing the game by a score of 30 to 15. The local boys played their best but it was not good enough for Franklin.

Deathage, Putnam and Lewis scored the reserve points. The Franklin team's points were scored by Seymour, Sweet and Wiley. Seymour scored enough points himself to win the game. The scores:

U. OF P. RELAY TEAM AT URBANA
Famous Quartet Will Race at Indoor Carnival—Illinois Expects to Give Everybody a Hard Race.

URBANA, Ill., Feb. 26.—The crack relay team of the University of Pennsylvania is expected to be one of the strongest contenders for honors in the University of Illinois relay March 5.

Earl Eby, one of the fastest middle-distance men in the country, and winner of the second place in the 800-meter run at the Olympic Games last year, will be a member of the Quaker mile-relay team. Eby has also been entered in the special events. Bob Maxam, another Pennsylvania flyer, will be watched with interest. He was credited last year with a mark of 48 and 4-5 in the 440 yard event.

Ames, with the same relay team that won the four mile race in last year's relay meet, rules favorite in the long grind. The Hawkeye runners will also enter the 2-mile relay race, and judging from their early performances, are expected to finish near the front.

Illinois has a great collection of milers that are capable of furnishing any team a hard race. In Wharton, Yates, McGinnis, Allman, and Dusterberry, Coach Gill has some of the fastest long distance runners in the Western conference. Yates who won the conference last year, has had a hard time in keeping ahead of McGinnis and Wharton in the early practice tilts.

The high jump is expected to bring out some spirited competition. Alberts, an Illinois jumper, who took the measure of Murphy of Notre Dame, holder of the national high jump championship, in a recent dual meet, clearing the bar at 6 feet, 3 1-2 inches, will meet Murphy again in the Relay Carnival and the event may bring forth a record performance. Osborne of Illinois and Ivy of Earlham College, Ohio, who tied for the conference high jump, will also help make the event interesting, as both have jumped over 6 ft. 2 inches.

SPORT BRIEFS

CHAMPAIGN, Ill., Feb. 26.—Champaign High, 30; Clinton High, 15.

ANNAPOLIS, Md., Feb. 26.—The navy basket ball team defeated West Point, 45 to 29, tonight.

BLOOMINGTON, Ind., Feb. 26.—Iowa defeated Indiana in a western conference basketball game tonight 26 to 17.

URBANA, Ill., Feb. 26.—Illinois ran away from Iowa in a dual track meet here tonight, capturing every first but the broad jump. Yates lowered the local track record in the half mile, setting a new mark of 1:59 3-5. The Indians scored in the mile, two mile and quarter mile.

ANNAPOLIS, Md., Feb. 26.—The Midshipmen today defeated Penn State College boxers and the wrestlers of the University of West Virginia. The Annapolis basketball team defeated West Point 45 to 29.

CHICAGO, Feb. 26.—Purdue defeated Northwestern in a western conference basketball game tonight, 24 to 15.

ANN ARBOR, Mich., Feb. 26.—Michigan defeated Illinois 24 to 18 tonight in the hardest fought western conference basketball game ever played at Ann Arbor.

WHITE HALL MAN ABLE TO RESUME DUTIES

W. P. Neutzman, C. and A. Agent Recovering from Long Illness as Result of Automobile Accident

White Hall, Feb. 26.—It is almost as a voice from another land to those who are familiar with the circumstances of W. P. Neutzman as agent at the C. and A. station. Mr. Neutzman was out of the service for a period of seventeen weeks, resuming duty within the past fortnight, still in a rather dilapidated condition, but gets around with the aid of a cane, and is handling the duties with his former ability and interest. Wednesday the station was visited by E. H. Yarke of Springfield, division passenger agent, a personal friend of Mr. Neutzman, and the latter related his experiences in all its harrowing details.

On the evening of October 14th last, in company with George North and E. F. Ross, North lost control of the machine as they were descending a steep hill in Alton, resulting in a smashup that resulted in the death of Ross and the almost fatal injury of Neutzman. North was found in an unconscious condition a short distance from his machine with the wheel of the steering apparatus still in his hands. Neutzman received a badly broken knee and arm and numerous injuries. He was moved to a hospital, and for a month the outcome of his case was a matter of grave concern. Fortunately at the time of the accident he was found by his former family doctor, Dr. H. C. Campbell, now a resident of Alton, who looked after the case with a determination that fills a man's desires to aid an old friend. The fact that Neutzman has gained the use of the knee is one of the marvels of the case. Both he and Mr. North, altho the latter escaped with little injury, look back on the experience with horror, the thoughts of which causes them to shudder.

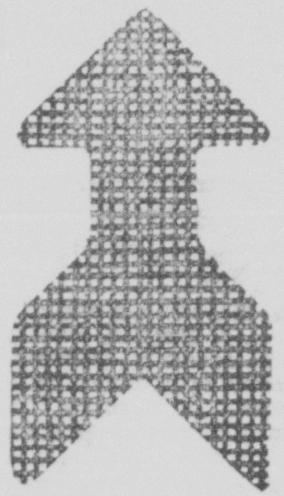

Yes, Mr. Neutzman related these experiences in the company of Mr. Yarke in a spirit of conversation that has hardly previously possessed him since the accident. The little considerations he has been receiving since resuming duty bring expressions of joy over his recuperation. One of the most prized communications is from S. G. Lutz, vice-president of the C. and A., who says: "I note you have practically recovered from your recent accident, and are again at your office. We are all very much pleased to know this, and trust in the very near future you will have fully recovered from your accident, and that you will get much pleasure and good out of being back on the job. With personal regards, I beg to remain, etc."

BETTER TIMES AHEAD FOR SHEEP INDUSTRY

The farmer who holds his sheep at present is wise. This is not the time to sacrifice healthy flocks of sheep on the open market. Conditions exist, says Prof. W. C. Coffey of the University of Illinois, recently, "which warrant us in believing that within the next two or three years farm flocks will be more profitable than ever before. True, our wool market has been in a state of collapse for several months, but the time cannot be far away when the prices asked for woolen clothes will be so reasonable that people will buy. The large surplus of wool that accumulated during the war in Australasia and the Argentine because ships were not available to transport it, will gradually be absorbed. And the European countries that formerly took large quantities of wool will slowly come back to their pre-war rate of consumption. Prices may not be high for several years, but knowing that we produce only one-half as much wool as we consume, we are confident of the return of satisfactory prices."

"Everything considered, prices during recent months reflect a strong demand for lamb in this country. Were this not the case, the market would have been completely demoralized by the unprecedented competition furnished by enormous importations of frozen lamb from New Zealand. The importations of 1920 amounted to one-third of what we normally produce in a year. We had to suffer this competition, firstly, because a large surplus collected in New Zealand during the war and secondly, because the countries that usually consume it were unable to buy. The year's experience has demonstrated that the imported lamb carcass is not as popular as the home grown product, and if it should have to come in under a duty it would likely seek a market elsewhere. In fact, it is thought that the importations this year will be much less than last."

"But about the bright future for farm flocks? Our western sheepmen have suffered from both bad growing and bad marketing conditions. Even though help through legislation or through any other means come to them soon, production in that great region is sure to be reduced. Our cities want American grown lamb; their appetite for this product is growing. The west will be unable to supply as much as in former years. The middle west will make up the deficit, but she cannot if she lets her flocks go on the open market now."

PILGRIM DAYS WERE RECALLED IN PROGRAM

Very Interesting Open Meeting Given By the Fortnightly Club.

An open meeting of the Fortnightly club was held Saturday afternoon at the Pilgrim Memorial of the Congregational church. It was very fitting that the program should be given in the memorial rooms, from the fact that during the year the Fortnightly members have been studying the Pilgrims. Yesterday's observance was unique in many ways. Miss Dowman of the public library, dressed as a Puritan maiden, sat beside the blazing fire place and told stories of Pilgrim life. There were several very pretty tableaux depicting incidents of colonial history. The first part of the program all the members of the club took part in "On the Way to Church." They were dressed in the costumes of the forefathers and the march to the church was in the regulation Pilgrim style with the men in the lead. The costumes were such that John Alden, Miles Standish and other characters outstanding in Pilgrim history were recognized. This church service included the singing of two of the five Psalm tunes which made up the original Pilgrim hymn book. The committee found this music only after a stern search.

Another feature of the occasion was the exhibit of colonial furniture and furnishings. A spinning wheel, warming pan, tinder box and numerous articles of rare historic worth occupied a prominent place. All the decorations of the room were in quiet accord with the Pilgrim thought and under the soft lighting of candles a very pretty colonial picture was presented. The afternoon included the serving of refreshments.

The story of the afternoon's event would not be complete without reference to the roll call, to which each member responded to a Pilgrim name and gave an appropriate quotation.

Mrs. L. S. Doane is president of the club and worked in conjunction with the special program committee, which included Miss Emma Daniels, chairman; Miss Florence Taylor, Mrs. W. E. Collins and Miss Bertha Mason.

MAKING FINE RECORD IN WASHINGTON

Local friends of Joseph Becker who are familiar with his record at Routt college here, will not be surprised to know that he has already won several honors at the Catholic University of America in Washington, where he is now a student. Not long since Mr. Becker entered an essay contest in a university magazine. The theme was "A Problem and a Solution."

The subject discussing certain questions relating to economics, sociology and psychology. The Jacksonville young man was awarded the first prize in this symposium. The contest is a yearly event as one issue of the magazine each year is issued especially under the direction of the graduate students.

WANT ANOTHER VOTING PLACE

A number of citizens living in Arnold precinct were in Jacksonville Saturday to talk with the county commissioners about the formation of a new voting precinct or at least a change in the voting place. Under the present alignment citizens living several miles east of Jacksonville are required to go to Maple Grove school building south of the city to cast their ballots and the arrangement is not convenient. The case has been taken under advisement.

CHAPIN WOMAN'S CLUB ENTERTAINED

Mrs. Gustav Onken and Miss Johanna Onken Hostesses to Club Members — Other Interesting Items From Chapin.

Chapin, Feb. 25.—Mrs. Gustav Onken, and Miss Johanna Onken delightfully entertained the Woman's club on Tuesday afternoon. This was a colonial tea in costume and there were nineteen members and nine guests present. All entered heartily into the meeting and there was much merriment over the quaint costumes of the various ones present. Roll call was answered to by naming revolutionary heroes. A short business session was held and the remainder of the afternoon was spent in various games and with social conversation and music. During the afternoon the hostesses served delicious refreshments. The next meeting will be held March 8th with Mrs. Harvard Tucker.

Mrs. Harold Bise of Springfield, visited her parents Thursday and Friday of last week.

Mrs. Otis Dawson of Winchester, visited her mother, Mrs. Thompson over Sunday.

Werner Onken was here from St. Louis to visit over Sunday with home folks.

Mr. and Mrs. Bernard Allen of Versailles, came Saturday to visit home folks. Mrs. Allen is remaining all week while Messrs. Andrew Allen and Bernard Allen attend a lumbermen's convention in Chicago.

Fred Riggs of Versailles, spent Sunday visiting his parents, Mr. and Mrs. Riggs.

Harry Onken is spending several days in Peoria this week visiting relatives.

Miss Amy Onken left Wednesday morning for several places in Missouri and Iowa to visit the sorry chapter. She will be away several weeks.

Mr. and Mrs. W. W. Anderson entertained at dinner Sunday the Misses Markham, Tom Markham, Rev. Crabtree and Mrs. Ellen Coultas and daughter, Ione.

Mrs. Ellen Coultas entertained at 6 o'clock dinner Tuesday Mr. and Mrs. B. A. Cratz and Miss Edna Filson of Concord.

The revival services at the Woodson Presbyterian church are still in progress but will probably close Sunday. The attendance each night has been large and a great deal of interest has been in evidence. Rev. A. E. Powell has had the assistance of Rev. Mr. Record of Decatur, the latter being in charge of the music for the services.

Mrs. Sarah Black and son, George, of Denver, Ill., left Friday for their home after a visit with the former's daughter, Mrs. I. H. Fuller, and family.

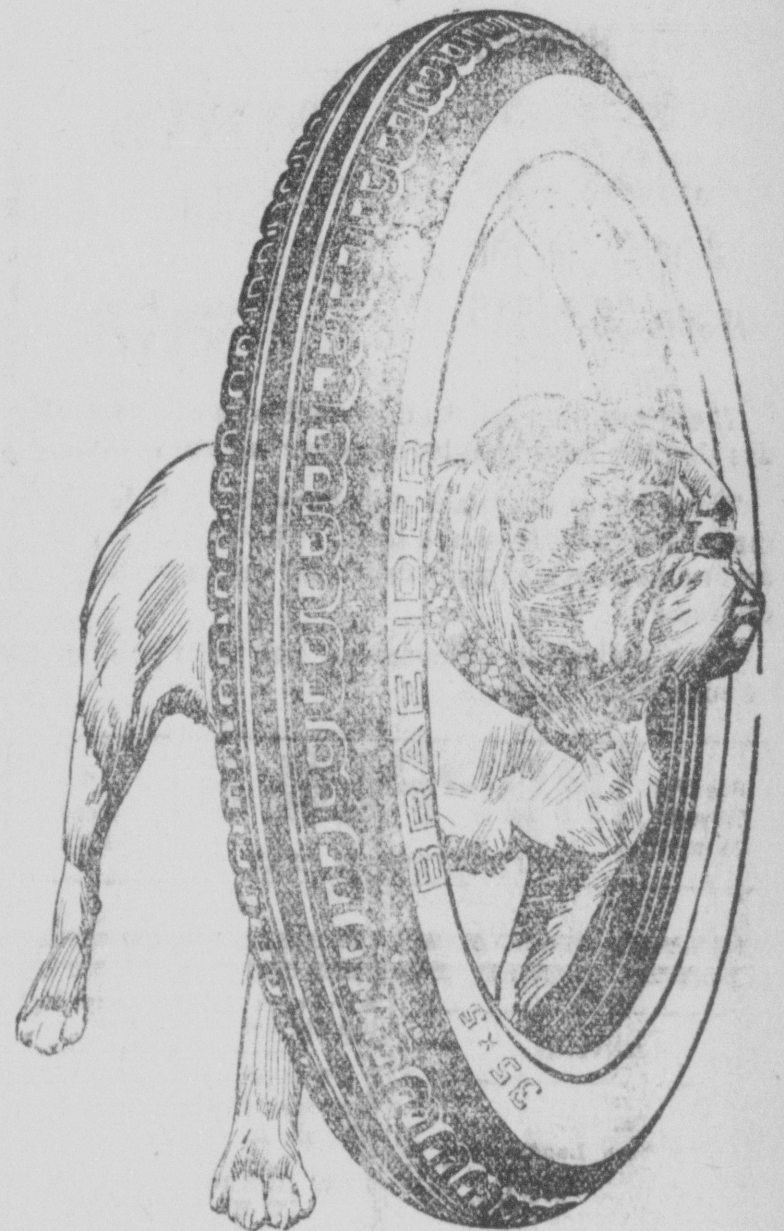

Mr. and Mrs. Edward Gallaher,

who have been spending the winter with their son, Dr. Edward Gallaher in Parsons, Kans., have returned to their home in Woodson.

Rev. I. H. Fuller will go to Litterberry Saturday morning to conduct the funeral services for the late Mrs. Roy Maul.

J. T. Self and Rev. I. H. Fuller were Jacksonville visitors Friday. A number of the boys and girls of Woodson, will take a hike into the country Saturday afternoon. The trip will be under the leadership of Mr. Record.

BRAENDER Bulldog TIRE

And Why We Have Chosen It for 1921

You think well of successful Jacksonville enterprises because they serve the community. You know that only quality and good service have made it possible for local enterprises to succeed and grow in this community. The Illinois Tire & Vulcanizing Co. has developed their business and stand today, after eight years as tire merchants, as one of the foremost Tire Stores of Jacksonville, because their aim has been through these years to deliver the greatest possible value in tires and service for a reasonable price to the car owners of Jacksonville.

Just One Tire out of 227

We had 227 different makes of tires to choose from for 1921. Out of that number we have chosen one—the one that we believe will give you more security and more satisfaction for your money than any other.

Braender Tires Are Oversize

Many manufacturers claim this because they all agree that oversize tires give more miles. But have you ever seen a 30x3 1/2 fabric tire as large as a 31x4 at the regular 30x3 1/2 price? Braender 30x3 1/2 fabrics are as large as 31x4, and other sizes proportionately larger, and they are priced as low as ordinary tires. Braender fabric tires are cured on air bags like cords, eliminating separations, buckles and mold pluck. Other manufacturers use this superior process only in cords. Braender tires are built with one tread that combines all the advantages of the Ribbed and Non-Skid, making this tire available for all wheels. Braender tires are our selection for you, because we are convinced that they are good enough to stake our business reputation on. We know they are made right, because Braender conscience will not permit them to be made any other way. They are honest—Cord and Fabric tires and Tubes.

Compare Braender Tires With Any Other Regardless of Price, and Then Compare the Price.

FLORETH CO. WILL HAVE ANOTHER STORE

Another Dry Goods Establishment
to be Opened on West Side of
the Square.

April 1 will mark the opening of the west side store of the Floreth Dry Goods Co. William Floreth announced Saturday that he had leased the Sperry building on the west side of the public square, now occupied by the Butterick Pattern Co., and early in April will open another dry goods establishment there.

The lease on the east side building, which was recently purchased for the Long Pharmacy, continues for two years and Mr. Floreth expects to continue the two dry goods establishments. The west side store will be operated under a name which has not yet been chosen.

The west side store is one of the oldest dry goods establishments in the city of Jacksonville. For many years the late William Russell owned a store there and subsequently Frank Waddell and C. S. Hillerby owned the O. K. Store there, and in still later years the establishment was owned by F. J. Waddell & Co. At another time Carl S. Hillerby had his dry goods store in the same location.

Mr. Floreth is a thoroughly experienced dry goods man and is rightly accounted one of the most successful business men of Jacksonville. For a period of years he was a traveling salesman for Carson, Pirie, Scott & Co. and during this time became familiar with the details of both wholesale and retail business. Twenty-two years ago, in partnership with Mr. Blackburn, the Blackburn-Floreth Dry Goods Co. was established. Subsequently Mr. Blackburn withdrew and in the later years the store has been successfully managed under the ownership of the Floreth Co. The west side store building will offer opportunities for an enlarged business and Mr. Floreth has entire confidence in the future.

The business of the Butterick Co. is to be taken over by C. J. Deppe & Co. and will become a part of their prosperous establishment at 5 West Side square.

GAVE FINE ENTERTAINMENT
AT PILGRIM MEMORIAL

Mr. W. O. Baumgardner gave a program of magic at Pilgrim Memorial Saturday night as a benefit for the Yojasovi Camp fire group, of which his daughter Miss Mary Edith Baumgardner, is a member. Nearly two hundred persons mostly young people, enjoyed the program which was arranged in 14 numbers.

During the intermission the audience had the pleasure of listening to a vocal solo by Miss Elmer Russell and a violin number by Miss Eloise Capps. Miss Russell sang "Minnetonka's Dream" by Theodore Liorance and the audience found her voice of delightful quality. An encore number was given. Miss Miriam Russell was the accompanist. Miss Capps, who is known as one of Jacksonville's best violinists, played Pierotti's "Serenade by Roudigger" and "A Russian Dance" by Zimbalist.

Mr. Baumgardner's program was not that of an amateur and the audience was thoroughly entertained. Each of the events from experiments in personal magnetism to the final "The Phantom Canary" was capably done. Mr. Baumgardner's explanations and "asides" added materially to the interest in the program.

ADD SOCIETY Phi Nu Society Had Banquet.

The Phi Nu society of Illinois Woman's College held its annual banquet at the New Pacific last evening at 6:30. Covers were laid in the banquet hall for 46 guests.

The tables were attractively decorated with red roses and ferns and dainty menu and place cards were set at each place.

After a delicious four-course banquet had been served, Miss Esther Harper was introduced as toastmistress. Ruth Harker gave a toast, "Faithfully Stand By," representing the sentiments of Phi Nu's former members. Margaret Willis spoke on "Standards of Phi Nu," in behalf of the present members and Lesta Gibbons representing the new girls spoke on "Allegiance to Phi Nu."

The banquet was in honor of the new society members who were initiated last week.

Helen McCalm, Ernie Mason, Margaret McCray, Dorothy Griswold, Lesta Gibbons, Roxy Baker, Eva Zwermer, Helen Byland, Helen Steele, Jean Spinning, Verne Mereson, Margaret Burmeister, Katherine Colton, Dorothy Lyons, Lee Little, Marian Campbell, Josephine Craig, Olga Oliver, Helen Oakes and Dorothy Kennedy are the new members.

Among Phi Nu alumnae who attended the banquet were: Josephine Brown of Champaign; Blanche Seaman of Chapin, and Zerita Swartz of Virginia.

AD SOCIETY Domestic Science Round Table Held Meeting.

The Domestic Science Round Table of the Jacksonville Woman's club held its February meeting yesterday afternoon at the D. A. R. Home. The meeting was in the form of a Colonial party, and was one of the most artistic and delightful events of the club year. The Duncan home, decorated as it was for the occasion with flags, candles in the old country in sailing vessels, and bouquets made in the style in vogue during Washington's time, made a very appropriate and pretty background for the party. A large percentage of the members wore in colonial costumes. And there were some very beautiful and unique dresses worn: some of them, indeed, dated back to the time of Washington. A number of the ladies assumed the role of men much to the delight and amusement of the company.

After the regular business meeting, over which Mrs. J. J. Reeve, the chairman, presided, the following program was carried out: Mrs. E. D. Canatsey and Miss Katherine Parker very sweetly sang "Flow Gently Sweet Afton," and responded with an encore, "Mt. Vernon Bells," after which Miss James Powell read, "The First Nantucket Tea Party." This was a girl's letter to her mother written about 1745. It was a sweet story giving us some idea of the customs and ideals of that day, and Miss Powell gave it in her usual inimitable manner. She responded to an encore with, "The Making of Bata Boxes," by Richard LeGallienne, which was also very heartily received.

This was followed by the Virginia Reel in which Mesdames Thomas Heaton, David Kennedy, W. L. Shibe, Ernest Strawn and Messrs. Frank Dawson, James N. Conover, James Kennedy and J. E. Claus took part. This was very much enjoyed and was followed by a musical by Messrs. E. D. Herald and Eva Williams and Mrs. W. D. Roberts and Mrs. Thos. Heaton, which was also heartily applauded.

The Colonial idea was also carried out in the serving of the refreshments in the dining room. The table was presided over by Mrs. George Lukeman and Mrs. Grant Graft.

The hostesses for the afternoon were, Mrs. James N. Conover, chairman; Miss Eva Williams, Clara Cobb, Ann Kingsley, Mesdames G. T. Lukeman, Chas. Fawcett, Otto Bufe, J. R. Davis, W. A. Fay, Grant Graft, William Heald, George Fahr, Clark Green, M. E. Gilbert, Thomas Heaton, John Shepherd, Frank Dawson, Homer Potter, William Hopper, Ernest Strawn, E. L. Hill, E. G. Caldwell, W. O. Baumgardner, H. P. Mohr, C. L. Mathis, Geo. Beckman, F. W. Bolton, S. E. Bergschneider, M. H. Havenhill, J. J. Reeve, M. C. Hook, David Kennedy, James Kennedy, J. F. Claus. The March meeting will be held March 26, with Mrs. Miller Weir, at which time Mrs. H. M. Dunlap of Savoy, Ill., will address the club.

NEW CLOTHING STORE IS SOON TO OPEN

J. Clarence Lukeman and J. Leo McGinnis Proprietors of New East Side Establishment—
Lukeman Clothing Company
Will Be Firm Name.

Announcement was made Saturday by J. Clarence Lukeman of the opening of a new clothing store in Jacksonville at 60 East Side square. The Lukeman Clothing Co., will be ready for business there about March 19. Mr. Lukeman has just returned from Chicago and while there met J. Leo McGinnis, who is to be his partner. The two met eastern manufacturers in Chicago and purchased the lines of merchandise which will constitute the stock of the new establishment.

It will be remembered that Mr. Lukeman purchased the Alcott building some months ago. Recently extensive interior changes were begun and the Lukeman Clothing Co., will have a thoroughly modern clothes shop. It will be equipped with enclosed glass cabinets and cases, the whole equipment being of the most modern kind.

The firm of Lukeman Bros., closed out their west side store last July. The members of the firm thought it was an opportune time to retire and since then Mr. J. C. Lukeman has been awaiting favorable conditions for reentering the business.

Mr. Lukeman said yesterday that he had found merchandising prices about 33 1-3 per cent lower than 6 months ago and that the patrons of the new store would have the benefit of this drop.

Mr. McGinnis was with the Lukeman Bros. firm for eight years and his ability and interest resulted in a thorough understanding of the clothing business. Since last April he has been with the J. Steifel Clothing firm of Green Bay, Wis., and there had additional valuable experience. It goes without saying that it is the intention of Mr. Lukeman and Mr. McGinnis to conduct the business of their firm in accordance with the highest principles and they will offer the best grade of merchandise under their own label and give the public assurance of the best possible service.

Deaths

Landes.

Mrs. Elizabeth Landes died at Passavant hospital, at 7:05 o'clock Saturday evening. She had been in failing health for some time and death resulted from heart trouble.

Decedent was born in Knoxville, Tenn., January 21, 1836, and was at the time of death in her 85th year. She was united in marriage 64 years ago to Daniel Landes in Kentucky who preceded her in death 31 years ago.

Many years ago the family removed to Illinois first settling near Virden. In a short time they came to the vicinity of Winchester which was the family home until recent years. After the death of her husband Mrs. Landes made her home with her children but most of the time she has lived with her daughter, Mrs. Howard Wamaker.

She is survived by the following children: William Landes, Ebards-town; James Landes, Winchester; Bert Landes, Bath; Mrs. Joseph Heredith, St. Louis; Mrs. L. Watson, Galesburg; Mrs. Richards and Mrs. Wannamaker, Jacksonville.

Mrs. Landes was for many years a member of Centenary church and was faithful in her attendance so long as health permitted. She was a woman devoted to her home and highly respected by all who knew her.

The remains were removed to the Reynolds Mortuary and prepared for burial and will be taken to Winchester today. Funeral services will be held from the M.

E. church in that city but the time is not yet known.

THE SIMPLICITY OF JEFFERSON TO MARK HARDING INAUGURAL

**Ceremonies Will Mark First Swing Toward
Simplicity of Early Days—Will be First
Inaugural Without Pomp, Weather Permit-
ting, Since the Third President Took Oath**

(By The Associated Press)
WASHINGTON, Feb. 26.—Inauguration of President-Elect Harding will mark the first swing of ceremonies toward simplicity since Thomas Jefferson toiled up Capitol Hill afoot one hundred and twenty one years ago.

The ceremony of administering the oath will be as it was prescribed by George Washington. There will be no change in its utter simplicity, but Mr. Harding by his own decision will enter upon his great task without the pomp and parade that have increasingly surrounded that solemn moment as the years went by. Not even the "salvos of artillery" that heralded the dawn of Jefferson's inauguration day will wake the sleeping echoes along the Potomac next Friday.

Gone too, will be the inaugural parade, time honored since regular and militia troops blazed the historic route up Pennsylvania avenue to "The President's House" when President Madison rode in state to take up duties laid down by Jefferson. Weather alone has prevented or hindered this national spectacle in the years that followed.

Gone also the decorated floats and the soldiery from many states which accompanied President William Henry Harrison as he rode his horse to the capitol to take the oath; gone the tramping ranks of cabinet officers and clergy and professors and students of Georgetown university which made the historic journey with Polk; gone the military splendor of the pageants that marked elevation to high office of soldierly Zachary Taylor and U. S. Grant.

Among things of the more recent past not to be revived for Mr. Harding will be the gray and white clad blues of West Point cadets, stepping proudly and with perfect unison up the great avenue.

Inauguration has been for the future leaders of the army and for their brothers of the midshipmen corps from Annapolis, a great public day, and the nation has lavished well deserved plaudits on their appearance.

When Polk rode to his inauguration, a "kid glove" troop of Virginia Volunteers, the Fairfax Cavalry, clattered before him as a special escort. It was the first time a military organization had been specially distinguished in such fashion, but at times thereafter incoming Presidents have paid and received compliments of the kind which will be lacking at Mr. Harding's inauguration. President Benjamin Harrison rose at the head of his old regiment, the Seventeenth Indiana, and the infantry President McKinley was escorted by Troop A of Cleveland's Black Horse Cavalry.

Tenseness Will be Lacking.
Great with problems as may be the four years ahead of Mr. Harding as he turns with the weight of his oath upon him to the work he has himself said will be calling a grim tenseness that has come over the inauguration of some of his predecessors will be lacking.

Madison was to see Washington in enemy hands and "The President's House" fired by British; the drumming tramp of troops in full war gear, called to guard the capital in the brewing storm of civil war was in Lincoln's wars as he pledged his faith, his very life to the task. Yet Douglas, his defeated rival, stood at his side and held his hat as Lincoln bent his long figure to seal his oath with his lips upon the Bible.

Four years later, again called to high service, Lincoln saw the wreck and ruin of war spreading far to the south beyond the Potomac; war maimed men were being sent to hospitals; his own army stood at his side, ready to shed blood and shed life in bitter days of reconstruction.

President Hayes was twice sworn in. March 4 was a Sunday that year. The election decision had left a ranking score behind it, for one electoral vote had defeated Tilden. On March 3, privately the oath was first administered to President Hayes to be repeated in public March 5.

World War Was at Hand.
When Woodrow Wilson rode down Pennsylvania Ave. and back again at his second inauguration in 1917, American entry into the world war at hand. The remnants of the court or honor before the White House erected for inauguration had not disappeared before a nation was aflame with war business.

There have been other inaugurations over which even a darker cloud hovered, Andrew Jackson took office in 1829 soon after the death of his wife which curtailed inauguration ceremonies, and five times vice-presidents have been called to the Presidency through death of the President, three times by assassination. In each case the vice-President took up his duties without formal ceremony other than private administration of his oath of office. Tyler, at his home in Washington, Fillmore at the capitol; Johnson in the office of the President; Arthur at his home in New York City; Grover Cleveland in Buffalo, thus left up the Presidency.

EDUCATIONAL BEAUTY SHOW AT CHICAGO

First of Its Kind Outside of Paris
Will Be Staged in Chicago
Week Beginning Feb. 28—Ex-
perts Will Instruct Women.

(By The Associated Press)
Chicago, Feb. 26.—An educational beauty show, said to be the first of its kind and size to be held outside of Paris, will be staged here the week beginning Feb. 28. The exposition will be largely for the purpose of proving to milady of 1921 the truth of the statement that beauty is only skin deep and that all women may be beautiful.

The show is being sponsored by nearly 500 manufacturers of practical aids to beauty, but one of its announced purposes will be to agitate against the excessive use of cosmetics and to demonstrate benefits which may be obtained from the proper use of the proper kinds of beauty aids.

There will be dozens of experts to instruct the women. Women artists, psychologists, health and dietetic specialists and beauty experts will assist at the exposition all with the same object in view that of helping American women develop the beauty they have and to become more beautiful.

According to the promoters of the show, there is a perfume of a certain scent which blends with a certain personality, and one of the objects of the show will be to have the experts aid each woman in deciding what particular perfume or powder is best suited to her individuality. Another expert will demonstrate the proper manner in which to apply the different articles of the toilette.

In explaining the purpose of educating American women in the development of beauty at the show, W. G. Hamilton, director, said: "American women are the most naturally beautiful in the world. There is only one thing they may be said to lack in comparison with the women of other countries and that is the art of concealing and refining their loveliness. There is at present a tendency on the part of women toward over-dressing, over-grooming and too startling a display. Such a tendency, as well as the tendency toward dowdiness, can be corrected only through widespread educational propaganda among our women."

Invitations have been issued to cities throughout the country to send their most beautiful women and girls.

There will be a beauty contest for high school girls and other contests to determine the possessor of the most beautiful hair, eyes, complexion, perfect figure, the best kept hands, and the prettiest foot and ankle.

Clothes will not play an important part in the show except insofar as the experts will contrast the proper and improper manner of dressing and the relation of bodily health and beauty.

ROAD CONDITIONS IN ILLINOIS IMPROVE

(By The Associated Press)
CHICAGO, Feb. 26.—(By The Associated Press.)—Improvement in Illinois' road conditions is noted in this week's report issued by the Chicago Motor club. Roads leading out of Chicago are in good condition, dirt roads are drying and becoming quite smooth, the report says, continuing:

The Grant Highway from Chicago to Rockford is not in a favorable condition, practically all dirt with stretches of gravel, quite rough and chunky. Construction work will start on the road between Elgin and Rockford sometime this year.

Roads in the vicinity of Springfield are passable, but there is quite a number of mud holes; dragging is now going on and with the continued warm weather the roads should be in good shape.

The Cannon Ball Trail between Chicago and Hannibal, Mo., is in a fair condition, dirt with stretches of gravel, quite rough but dry.

The Meridian Highway from Bloomington to Hudson, rough and soft, Hudson to El Paso dirt, dragged but soft, El Paso to Minonk good, oiled road. The Burlington Way from Bloomington to Chicago, rough and little muddy, oiled parts, fair. The Diagonal Trail from Bloomington to Peoria is fair, quite soft and muddy.

MOLINE WILL VOTE ON NEW COLISEUM

(By The Associated Press)
MOLINE, Ill., Feb. 26.—(By Associated Press.)—On Initiative of the Kwanis club Moline voters will be called on at the April election to take advantage of the state law which permits municipalities to authorize special tax levies for coliseums. They will be asked to authorize a tax levy to authorize a tax levy to erect a coliseum in the form of a memorial to Moline's world-war heroes.

On a basis of Moline's assessed valuation the tax revenue of the first year would amount to \$35,000. A site is already available, without cost. The building proposed would cost a quarter million dollars.

PLANNING FOR

I. O. O. F. CONVENTION

Springfield, Ill., Feb. 26.—(By The Associated Press.)—Plans for the I. O. O. F. convention of the Odd Fellows of Illinois, which will be held in Springfield the third Tuesday in October.

State Banks Will Have State Money

SPRINGFIELD, Ill., Feb. 26.—Money in the Illinois state treasury which is now being handled by a few banks will hereafter be handled by state banks throughout all of Illinois so that its distribution may aid the larger number of people, according to announcement by State Treasurer Edward E. Miller. Mr. Miller said this would be done under a scheme of reorganization, to be put in operation this year.

Rearrangement of the handling of the state's money is in accordance with a law passed in 1919 which was intended to effect the first of February. Under it the treasurer is not required to distribute the money through the state. Mr. Miller said he considered this method of most benefit to the public at large.

Under this law all banks which wish to handle state money must bid for it, giving the rate of interest they will pay and the amount of collateral or the offer made by any large bank it will not be allotted a share of the fund which would make it a preferred depositor.

"I am working under a security company bond," Mr. Miller said, "and therefore am under obligation to no one but the people of the state. I am not forced to cater to any individuals because they have done me a favor. Therefore, I will work for the best interests of all the people and place this money in banks where it will aid all of them."

"Should I give a large part of the treasury deposit to a single bank because it made a good offer I would be directly benefiting it financially and the district which it serves at the expense of some other district whose bank is unable to carry as great a responsibility."

Treasurer Miller stated that the money in the state treasury is divided into two classes. Part of it is held as a working fund where it can be withdrawn on immediate need and the other part set aside as a reserve fund to be used only in an emergency. The ruling he has made regarding the deposit of the money will affect both funds.

Notices will be sent out in the near future, he said, to all state banks setting May 1 as the final day for receipt of bids. As soon as successful banks are chosen and the money apportioned it will be deposited.

The amount of money the state will have to deposit cannot be determined yet, Mr. Miller said, but must await the action of the legislature in making appropriations for the next two years.

OHIO TOWN TO MOVE MILE AND HALF

Osborn, O., to Move Its 250
Buildings and Dwellings to New
Site—Flood Danger Leads to
Move.

Osborn, O., Feb. 26.—On July 1, if all plans are followed out, this town of 250 buildings and dwellings will gather up its belongings, pack up its buildings and start moving a mile and a half distant.

Motion picture cameras will grind away, preserving the unique record of a whole town sliding away on railroad tracks.

Osborn has to move, because of the danger from flood in the Miami Valley.

It has its trouble finding a new home, as most house-hunters do these days. The town of Fairfield wanted the plat Osborn had picked out, and sought an injunction preventing the latter town from moving in.

Judge Hartley at Xenia, however, the other day dissolved the injunction, and as far as anyone knows now, there is nothing more to prevent Osborn from changing its location.

The new Osborn will nearly adjoin Fairfield. Probably Fairfield's jealousy will extend so far that it will crowd to its windows and doors to see the moving of the town.

Osborn's people are enthusiastic about their town, and feel a new lease on life for it, when it gets moved. Business men and officials are busily planning ways and means to bring new industries and start the building of a larger and more modern town.

An expert is being sought to supervise the planing of the new site, which is to start March 1. Plans now provide for the laying of railroad tracks between Osborn's old and new home, and transporting the buildings and dwellings on specially built railroad cars.

Chicago, Ill., Feb. 24.—The next annual meeting of the American Dietetic Association will be held in Chicago, October 24, 25 and 26 according to an announcement made here by the secretary of the executive committee.

MILITARY STUDENTS TO TAKE SUMMER COURSE

CHICAGO, Feb. 26.—(By The Associated Press.)—A large number of the students of military science at the University of Chicago will take advantage of the summer course in the field artillery, R. O. T. C., camp at Camp Knox, Ky., offered by the government to university men.

Men in advanced courses will receive \$30 a month, while all will have their expenses paid. The course begins June 5 and continues for six weeks.

Major Harold E. Marr, who served as a colonel overseas and at present is at the head of the University of Chicago military department, has been appointed senior instructor of the camp.

Major Eddy of Yale is to be camp commandant.

The pictures this evening will be on the subject "Hindutran's Answer to Hindenburg." Seventy-seven, artistically colored views will be shown on the screen, including scenes from the Sinal Desert, Mesopotamia, the Suez Canal, Lagdad and Damascus, Indian Cavalry, artillery and rifle practice, also a Camel corps and General Allenby entering Jerusalem at the head of his victorious troops.

The lecture will be accompanied by a description of the river. This is a very fine program as well as a helpful hour of worship. Come and bring a silver offering.

CAR LOAD OF CORN GIVEN BY FARMERS

Gifts To Chinese Famine Fund
Have Been Liberal—Farm
Bureau News Notes.

The gift from the farmers of Morgan county for Central Europe and the Near East on the first call is reported as follows: Blackburn-Houston Elevator, 228 bu.; Litterberry-Farmers Elevator, 50 bu.; J. W. Cleary's Elevator, 24 bu.; Concord Elevator, 70 bu.; Arnold Elevator, 150 bu.; Joe Prairie Elevator, 20 bu.; Alexander Farmers Elevator, 122 bu.; Chapin Elevator, 130 bu.; W. C. Calhoun's, Franklin, 10 bu.; Woodson Elevator, 33 bu.; Murrayville Farmers Elevator, 34 bu.; Cements Elevator, 7 bu.; Rees Elevator, 40 bu.; total 918 bushels.

There are few points yet to report. We very plainly have the carload in sight pledged by the delegates at the annual meeting of the I. A. A. We quite likely will have other corn days. In a few days this corn will be assembled at a central shipping point.

Wheat Outlook in Illinois
Bottom—If you have not seen a good prospect for wheat, drive along the bluff road from the Jacksonville hill on the Mercedosa road south to Bluffs. Those wheat fields are a sight worth going to see. Will our American farmers raise another war crop in time of peace? It would seem to be good business to extend our acreage of grain and grow more clover. Why not sow clover on every acre of small grain this season and cut production in accordance with the demand.

Sweet Clover—Over in Cass county, Advisor R. W. Dickinson, has demonstrated that sweet clover will grow on those steep bluffs. This plan promises to make those barren hills profitable grazing lands. However, other farmers are introducing sweet clover into their regular rotation in place of red clover. A. M. Masters and Vernon Baker recently ordered 77 bushels of white blossom sweet clover for this purpose. If the land is limed, sweet clover is practically a sure crop.

Livestock Shipping Associations—These are coming to stay. Rees was the first in Morgan county and Concord second. Arnold, Orleans, and Alexander have come to a mutual agreement to form a three horse team. By the middle of next week it will likely be working. Chapin completed its organization Saturday. Then comes Litterberry and Jacksonville. In all probability the managers of these shipping associations will have occasional conferences and make these local organizations just as effective as a county-wide organization.

Unsatisfactory Routing of Livestock Shipments—Farmers, who ship livestock from Litterberry or Mercedosa to St. Louis certainly work under a decided handicap. At Litterberry the shipment is routed by way of Havana and Springfield with all the shrinkage and delay a long haul can give. At Mercedosa it is either by boat with the uncertainty of arrival and departure of the boat, or by the sun at the water's edge, or the Wash by way of Decatur. Litterberry would like to ship over the C. B. & Q. to St. Louis. Efforts are being made at the present time to get these adjustments favorably considered.

Shawneetown Named in 1812
Shawneetown was named the seat of Gallatin county by Governor Ninian Edwards in 1812. The state legislature passed an act to require the county to make its own choice. Without any action, the court house in the next succeeding term was transferred to Equality.

A checkered interim, during which court was held some terms at one place, some at the other, and some terms at both, was further complicated when the legislature stepped in again in 1851, and itself named Equality as the seat.

Mandamus proceeding set aside that law, and 1852 the legislature made another attempt to settle the controversy. It ordered that a vote be taken on consolidation of Saline and Gallatin counties at that Equality be the seat. That failed too, for the people voted no. From that time till now, the squabble has been prosecuted, sometimes upmost in political fights, and sometimes quiescent.

Twice the controversy has reached the state supreme court. The first time was in 1847. The county court ordered that court be held at Shawneetown, which order was immediately reversed by the supreme court. Notwithstanding that reversal, however, court was resumed in the town after a short term at Equality.

The second appeal to the supreme court followed the order of the state fire marshal that the building be made fire-proof.

The county won that time. The supreme court held that the marshal had no authority to specify, as he had done, the manner in which the fire-proofing should be done. Since then the board has voted to comply. Among the subscribers of Illinois who have been members of the Gallatin county bar and who have practiced in the present court house here are Abraham Lincoln, John A. Logan, Robert Ingersoll and John A. McClernand.

WILL HOLD MANY TEACHERS' MEETINGS

SPRINGFIELD, Ill., Feb. 26.—By the A. P.—Educational meetings will be held through Illinois by four divisions of the Illinois State Teachers' Association. In the next two months, Robert C. Moore, of Carlinville, secretary of the organization, reports. The meetings will take place as follows:

South Central Division at Springfield, March 25 and 26; Northwestern Division at East St. Louis, April 7, 8 and 9; Central Division at St. Louis, April 15 and 16, and Lake Shore Division in Evanston, April 22.

SERGEANT CHAOTES WILL ATTEND U. OF I.

Word was received in the city by friends of recruiting officer Robert Chaotes that he has been awarded a scholarship in the veterinary school at the University of Illinois. He is now in Springfield at plans to leave next week for Champaign to take up his new work. The Jacksonville friends of Sergeant Chaotes will be glad to know of the honor he has received.

IMMIGRATION BILL IS NOW READY FOR WILSON'S SIGNATURE

**House Accepts Senate Substitute Limiting Im-
migration to Fifteen Months—Several
Other Bills are on Road to Final Passage
—Sundry Civil Bill Meets up With a Snag**

(By The Associated Press)
WASHINGTON, Feb. 26.—Congress worked under forced draft today and tonight with leaders determined to clean the slate of most important legislation before adjournment next Friday. One measure, the immigration restriction bill, was sent to the president and several others including the emergency tariff bill were put on the road to final passage.

After a brief but sharp fight the house accepted the senate substitute bill limiting immigration for fifteen months after next April 1 to three per cent of the nationals of a foreign country who were in the United States at the time of the 1910 census.

SUSPEND AGE OLD CONTROVERSY

Have Been Fighting for More
Than 100 Years Over Location
of Gallatin County Seat.

Shawneetown, Feb. 26.—More than one hundred years of controversy over the rightful location of the seat of Gallatin county has been temporarily suspended by the recent county board decision, denying the time-honored rivalry of the town of Equality and the political claims of Ridgeway, and retaining the Gallatin county court house for some years yet in this flood-washed town on the Washburn.

Storms, floods and fear of fire were the immediate causes of the decision to keep the court house in Shawneetown. The building is old. It was erected in 1845 and has passed thru many floods, the last of which in 1912 rose to the very top of its main door. Knowledge of the building's condition resulted in an order by the state fire marshal that it be fire-proof.

This order was not acted upon until very lately. The people of the north of the county, supporting politicians who promised to move the court house to Ridgeway, secured numerous delays. However, their claims lacked sufficient strength, and the Gallatin county board of supervisors has acted, keeping the court house in Shawneetown and voting \$17,000 to repair it and make it fire-proof. Plans for the improvement are being drafted by the state architect at Springfield.

Shawneetown Named in 1812
Shawneetown was named the seat of Gallatin county by Governor Ninian Edwards in 1812. The state legislature passed an act to require the county to make its own choice. Without any action, the court house in the next succeeding term was transferred to Equality.

FORDS RUN 34 MILES ON GALLON OF GASOLINE

Start Easy in Coldest Weather—Other Cars Show Proportionate Saving.

A new carburetor which cuts down gasoline consumption of any motor and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 638 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 per cent, but enables every one to run slow on high gear. It also makes it easy to start at Ford or any other car in the coldest weather. You can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get at high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers of this paper who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents, to whom they offer exceptionally large profits. Write them today.—Adv.

WOMAN'S COLLEGE GRANTED HIGHEST ACADEMIC HONORS

Degrees and Work Are Recognized as of Equal Rank With Degrees Conferred By Any University of This Country and Also Recognized By European Universities.

Unusual academic recognition has come to the Woman's college. The highest standard list of universities and colleges in the United States is that the Association of American Universities.

The list was originally prepared to show the colleges in this country whose degrees should be recognized abroad by such universities as Berlin, Paris and Oxford. In 1908 there were only twenty-two universities included in this list. A few other universities and colleges have been added each year after careful scrutiny of their work, and especially of the record of their graduates who have taken the Master's and other higher degrees at the universities.

At present of the somewhere near 650 universities and colleges in the whole country, only 151 are on this list. Only seven of the more than twenty-five universities and colleges of Illinois are included.

The Illinois Woman's college has received notice from the secretary of the association that it has been added to the list. This means that the degrees and work of the Woman's college are recognized as of equal rank with the degrees conferred by any of the universities in the United States, and they are also recognized by the universities of Europe.

This is the highest academic honor that any college can secure. When it is remembered that the Woman's college began to do full college work and grant degrees only in 1909 it will be seen how rapid has been the progress of the school. In 1909 there were enrolled only eighteen college students and one hundred ninety academy students. The college granted two bachelor's degrees in that year. Now the college has two hundred forty-eight college students and has had no academy students for some time.

The friends of the college everywhere will greatly rejoice at this unusual record and high recognition.

ILLINOIS COLLEGE NOTES

C. A. Gustafson, '16, and Ruth Chipchase, '18, are both teaching at Youngstown, Ohio.

The class of '16 is making preparations to hold its fifth anniversary reunion next commencement. The class will be one of the competitors for the reunion trophy cup which it has already won once.

Dr. W. H. Crothers, one of the associate secretaries of the Presbyterian college board of the United States, was a visitor on the campus during the past week. Dr. Crothers spoke to the students at the chapel services Thursday morning and Friday morning. He is in charge of the department which supervises the recruiting of men and women for all kinds of Christian service and also has charge of the distribution of a Presbyterian soldiers' fund which is given to Presbyterian men who have been in the service. Dr. Crothers met a large number of both the men and women of the college in personal conference during his two-day visit.

Francis Thurman, '21, will lead the devotional services at academy hall Sunday evening.

Charles Wright, ex-'23, was a visitor on the campus Thursday and Friday.

Ray Riess, '22, has returned to school for the second semester. He attended Illinois college in the fall of 1919, but was obliged to leave school at the end of the first semester on account of the illness of his mother.

Plans are under way for the annual banquet of the Springfield Alumni association. The supper will be given about the middle of March. The chief speaker of the evening will be President David Kinley of the State University alumnus of Illinois college.

THE QUIET NEWCOMER

About a year ago the RED STAR Milling Co., of Wichita, Kans., started to build the finest and most complete flour mill in America in addition to two very fine plants which gives them a capacity of 6,000 barrels daily.

G. W. Gard, a well known flour salesman secured the privilege of bringing this line into Illinois and thru the city elevator of Jacksonville about a year ago they delivered a few car loads to the trade to find the results.

Since then 23 car loads have been delivered on the territory near Jacksonville, and dealers everywhere say there has not been a hour with as much satisfaction ever put on this market.

The Federal Bakery of this city says: "We find that the claims of the RED STAR are more than justified and since we have used RED STAR extensively our trade has increased steadily and with much satisfaction."

"Walter Smith, Prop." CHARLES FITCH manager of the Jacksonville Cooperative Co., says: "No trouble to sell RED STAR it's the one they all like."

HARRY CADE of Murrayville says: "I sell them 40 bags at a time and they come back for more. You will become attached to RED STAR if you buy a sack."

COLLEGE OF MUSIC NOTES

Misses Beatrice Horsburgh and Belle Melus contributed numbers to the musical concert given last Sunday under the auspices of the American Legion to the ex-soldiers who are patients at the State hospital. Miss Horsburgh presented two groups of solos and Miss Melus played her accompaniments and also offered a solo.

At the popular concert given by the Jacksonville band at the opera house last Sunday afternoon Miss Louise Miller was soprano soloist, presenting the following: "Swing Low Sweet Chariot," Burleigh; "Danny Boy," Weatherly; and "The Heart-Call," by Vanderpool. Miss Laila Skinner played the accompaniments.

Miss Louise Miller is spending the week end in Chicago. Sunday morning, Feb. 27, she will be the soloist at the meeting of the Mangasarian club of Chicago.

The Easter Vesper concert will be given Sunday afternoon, March 20, in the Music hall. The program will consist of numbers by faculty members assisted by the Madrigal club under the direction of Mrs. Forrest.

Miss Myrtle Larimore of the faculty is accompanist at the organ for Mr. Linton, baritone, at the series of meetings being held at the Cepeternary church.

Charence Rutcliffe, pupil of Miss Miller offered a group of songs Tuesday afternoon at the I. O. O. F. celebration of Washington's birthday.

Miss Louise Miller will give her annual public voice recital at Music hall Monday evening, March 14, at 8:15.

At the Washington party tendered the student body by the faculty last Monday evening Mrs. Forrest sang an old English song. Miss Horsburgh played an old French "Favanne" and Miss Melus played the "Capriccio" by Scarlatti, also of the same period. Miss Melus provided the accompaniments of the evening.

New music has recently been received for the orchestra. The ensemble library has also been increased and the music reference library has been augmented by the addition of twenty new volumes on theoretical subjects.

Interest in the first recital to be given by Miss Beatrice Horsburgh, the new teacher of violin at the College of Music, Thursday evening, March 3, has been enhanced by the announcement that Miss Olga Sapio of New York City will be the assisting artist at that time.

Miss Sapio is the daughter of Rinaldo Sapio, formerly conductor of the Metropolitan Opera company and Mme. Clementine de Vere Sapio the distinguished prima donna. She has thus received the heritage of these two gifted people who represent the musical traditions of the Italians and the Belgians.

Miss Sapio, who is a friend of Miss Horsburgh, will be on tour in this vicinity soon and has consented to assist at this important faculty recital. The appearance of these two young artists will be an outstanding event in the local musical history of this season.

Conservatory Notes

The midwinter concert will take place next Tuesday evening, March 1, in State Street church at 8 o'clock. The proceeds of the concert will be given to Passavant hospital and it is therefore hoped that a large audience will attend. The program is an interesting one. The orchestra, under Mr. Kritch's direction, will play a series of Caucasian sketches, four in number, by Ippolitow Ipanow, and three numbers from the ballet "Sylvia," by Delibes. The Illinois college chorus, under Mr. Quast's direction, will sing two short choruses by Gounod and Elberger respectively, and assisted by Mrs. Barr Brown, soprano, Mr. Hackett Wilder, tenor, and Mr. George Gunn, bass-baritone, as well as Miss Ellen McCauley, accompanist, will present Gounod's famous mass dedicated to St. Cecilia. Tickets on sale at Brown's music store.

There will be a student's recital on Friday afternoon, March 4, in Recital hall. The public is cordially invited to attend.

At the next Phi Omega meeting on Thursday evening March 3, the opera "Faust" will be studied.

Hear Allen McQuhae, the Irish tenor, I. W. C. Music hall, March 10.

Hear Allen McQuhae, the Irish tenor, I. W. C. Music hall, March 10.

Current Events will be in the hands of Miss Ruth Bradley; the life of Gounod will be read by Miss Eliza Foster; the story of "Faust" will be told by Miss Alice Lucille Spann and Miss Dorothy Graef will play a violin solo. The open meeting will be held late in March.

Mr. Kritch, Mr. Munger and Mr. Quast gave groups of solos at the meeting of mothers and daughters in the Christian church on Thursday evening, Feb. 24. Mrs. Perry Thompson gave a reading and Mr. Willard Wesner an organ solo.

Mr. Frank Collins, Jr., played a piano solo at the Hospital for the Insane last Sunday, Feb. 20.

Hear Allen McQuhae, the Irish tenor, I. W. C. Music hall, March 10.

Among the city guests from north of town yesterday were: Creed Smith, Joseph Smith, Dorsey Martin, Murray Martin, James Martin, William Bowen and son, Leo; Zed Bell, Thomas Barber, H. E. Perry, Willard Barber, Fred Perry, and Charles McDonald.

Foot Trouble Scientifically Corrected

J. Lloyd Read, who is a salesman in the Hopper shoe store in Jacksonville, and has for several months made a scientific study of foot troubles, while visiting home folks last week, made a thirty minute talk before the high school Friday morning on treatment and care of the feet.

Mr. Read seemed thoroughly at home in his subject, and brought before the students the fact that one-fourth of the bones of the body are confined within one's shoes. Yet in spite of this, we hear a great deal about the eye, ear, nose and throat, but very little about the feet.

The speaker went into the anatomical construction of the feet thoroughly and explained how by the use of proper appliances of simple construction it was possible to relieve and banish many of the foot troubles to which people are subject. He told how corns, bunions and fallen arches often affect the nerves and cause other troubles, and his talk was appreciated by both pupils and teachers.

ILLINOIS WOMAN'S COLLEGE NOTES

President J. R. Harker has been called to Bloomington for a conference with Dr. John W. Hancher in connection with some plans for the endorsement campaign at the college. On Tuesday, March 1, he will go to Aurora where he will perform the marriage ceremony for Gladys Goodale of the class of 1920. Miss Goodale has been holding the position of distinction at the State School for Girls at Geneva. In her absence from this place the work will be carried on by Miss Edna Osborne of Jacksonville, also of the class of 1920. Miss Osborne has specialized in the department of home economics and is well qualified to take Miss Goodale's place at this time.

Professor W. J. Weber of the department of Bible and religious education has put in quite a busy week in addition to his regular week. Sunday, the 20th, he occupied the pulpit at Carlinville and in the evening at Nilwood. Wednesday evening he gave his lecture before the Sunday school teachers in the Teachers' Training class. Thursday evening he preached at the revival service at Centenary church.

At the chapel exercises Friday morning President Harker spoke on the effect of the movies, and on the need of the right spirit in recreation. The Washington's birthday party which was given Monday night in the gymnasium was one of the most artistic and delightful programs that has been carried out in some time. The program has already been given in the paper.

Miss Janette Powell gave a reading Tuesday afternoon at the annual meeting of the Odd Fellows. Saturday afternoon she read a Washington birthday story before a Domestic Science Round Table, and Sunday afternoon she will give a reading at the School for the Blind.

The departments of psychology and biology have been getting some new models of the brain, eye, ear and spinal cords. These will add much to the interest of the work in the departments.

The Wesley Mathers essay contest will be held Monday, Feb. 28, in Music hall at 8:15 o'clock. This is an annual contest in the delivery of original essays and should be well attended. All friends of the college and of the contestants are cordially invited. Admission is free.

Rev. T. A. Adams of Rushville, Ill., spent several days the past week visiting with his daughter, Miss Mary Rose.

Charles B. Hull of Craig, Colo., visited his daughter, Miss Nellie, at the college Tuesday.

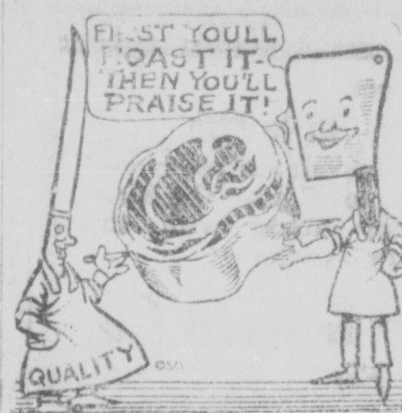

Miss Florence Pierce of Chicago, Student Y. W. C. A. secretary of the Central Field, is expected at the college Saturday. Miss Pierce will confer with the students about any phase of Y. W. C. A. work and will give them suggestions for their work here. She will give a talk at the Y. W. meeting Sunday afternoon.

"ADAM AND EVA" COMING THURSDAY

The advance seat sale of "Adam and Eva" the Comstock and Gest New York Longacre Theatre comedy hit, which comes to the Grand Thursday, March 3rd, will open tomorrow.

F. Ray Comstock and Morris Gest in presenting "Adam and Eva" have assembled a cast that is exceptionally capable and well balanced. Guy Bolton and George Middleton are sponsors for a play that carries real comedy and a delightful story. "Adam and Eva" has a mood of merriment that is exhilarating and serves to keep one in a joyous frame of mind from the rise of the first curtain to the fall of the last. Critics are unanimous in declaring it to be the genuine comedy success of the season.

PAIGE

If you stepped into a New Series 5-passenger Paige Glenbrook without knowing its make or price and experienced its power, speed and general excellence in actual performance, we would be willing to make this prophecy:

After a single demonstration of its capabilities you would price the Glenbrook at five hundred dollars more than it costs.

That is because there are no existing standards by which the New Series Glenbrook can be compared. It has established its own standards.

There is only one way to prove such strong statements—to ride in the car.

Mrs. WAGNER of PALM BEACH

Tells Girls How She Found Relief From Pain

West Palm Beach, Fla.—"When I was 19 years old I had such terrible cramps it felt like a knife going through me. I took Lydia E. Pinkham's Vegetable Compound and I was cured. After I was married I had the same trouble caused by the added work of farming and heavy washings so I told my husband to get six bottles of the Vegetable Compound and by taking it regularly my troubles ceased and now I never have a pain or ache, and am regular. I recommend Lydia E. Pinkham's Vegetable Compound and think every young girl should take it. You can publish this letter and it may be the means of helping some other girl or woman."

—Mrs. M. M. WAGNER, Box 759, West Palm Beach, Florida.
While no woman is entirely free from periodic suffering it does not seem to be the plan of nature that woman should suffer so severely and when pain exists something is wrong which should be set right. Every girl who suffers from monthly cramps should give Lydia E. Pinkham's Vegetable Compound a fair trial.

Activities of Women

Interesting Jottings Concerning the Doings of the Feminine Sex the World Over.

There are fewer women speakers in America than in Europe. Mrs. Minnie Madden Fiske is a writer as well as an actress.

New York, Chicago and Washington have book shops promoted by women.

Over 2,000 divorces were granted in New York city during the past year.

Women box makers in Massachusetts receive a minimum wage of \$15.50 per week.

Hindu women are said to have the most beautiful figures of any women in the world.

Women in the Philippine Islands are conceded to be the best lace makers in the world.

Queen Mary has loaned the London Museum the doll's house with which she played when a child.

There are in New York, it is said, many women who make a living pawning things for other people.

In East Africa the women pierce their ears and insert any form of decoration in the distended lobes.

Nearly 250,000 single women in New York State will pay income tax for the past year.

All women in Italy, whether single, married or widowed, have absolutely the same civic rights as men.

Miss Alice Balfour, youngest sister of the British Foreign minister, is a justice of the peace in Scotland.

Women bakers in Glasgow, Scotland, have suspended work pending an adjustment of their wages.

Eight European women, all Salvation Army workers, will devote the rest of their lives to the care of lepers in Java.

Women members of the International Garment Workers' Union in New York city are paid on an average of \$25 per week.

The first woman in Canada to be honored with chairmanship of the school board is Mrs. Fred Langford, of Calgary.

Three-fourths of all the women employed in Massachusetts during the past year earned on an average of \$16.50 per week.

Mrs. Hainisch, mother of the new President of Austria, has been long known as the foremost champion of women's rights in that country.

Elsie Janis is London's latest actress-manageress. She has taken over the Queen Theatre, in which she will produce her own plays.

During the period of the world war France employed nearly a million women, the majority of whom were employed in munition factories.

In recognition of her thorough knowledge of practical banking, Miss Margaret Kelly has been elected cashier of the national bank at Dennison, Tex.

The first woman to speak before the assembly of the League of Nations at Geneva was Miss Henri Forehammer, who was one of the officials from Denmark.

After fifty-seven years of continuous service, Miss M. E. Broad, now in her eightieth year, has retired from the position as forewoman in a Dorchester, Mass., chocolate factory.

By a unanimous vote, the Legislative Council of Burma has passed a resolution granting the women of that country the right to vote on the same terms with the men.

Miss Alice Robertson, only woman congresswoman-elect, recently told members of the American Legion that she was going to Washington to "keep my eyes open and my mouth shut."

Ping Wong, aged 15 years, who is taking a course in a Cincinnati business college, will, when she graduates, be the only full-fledged Chinese stenographer in the United States.

Sarah Bernhardt, the wonderful French actress, is to be made an officer of the Legion of Honor in recognition of her work in encouraging French art in other countries.

An expedition into Darkest Africa, which has just been organized in London, includes three titled women—the Duchess of Sutherland, Viscountess Titchfield and Viscountess Maidstone.

Miss Mary McGowan, business woman of Akron, O., and further distinguished as the only woman member of the American Society of Bachelors, has announced her intention to become a candidate for Mayor of her city.

Every servant in Germany must have a "service book," in which the holder's name, age, personal appearance, condition, former mistress, length of stay, wages paid and reasons for leaving are duly entered. Each entry is vouched for by the employer's signature and is stamped by the police.

Under a plan adopted by a committee of Italian women, each woman in Italy is to be urged to contribute an article made by herself and the proceeds from the

sale of these articles is to be used to help in restoring the country's finances.

Every year is leap year among the Garo women in Assam. Among those who have not been Christianized the bride takes the initiative in marriage and goes to fetch the bridegroom, and it is etiquette for him to hide and resist until victoriously carried off.

PUBLIC SALE MARCH 1

55 head of good horses, mules, hogs, farm machinery. Free conveyances to farm.—Shackelford & Seely, White Hall, Ill.

THE COMMUNITY FORUM

This evening at the Community Forum, Dr. Hemenway of the Illinois Health department will discuss the Economics of Health Administration. At this time when the county board is seriously considering the establishment of a county health department, when the Red Cross, the Anti-Tubercular Society and other organizations are extending their health service, Dr. Hemenway's address will be particularly timely. A question period will follow his address, at which time any questions relevant to the subject may be asked.

The forum idea is sweeping the country. A few days ago a prominent churchman in an address in Chicago urged the churches to establish forums for the free discussion of social, industrial and educational subjects. The churches, he said, thru these forums would contribute greatly to the solution of the many problems which confront the nation and the local communities. Last Sunday evening at the Congregational church, Mr. Foxton of Hart, Shafer and Mark explained the labor agreement between that company and its nine thousand employees under which employer and employees had worked together for several years without material dispute.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

Mrs. W. F. Baker, of Milwaukie, Oregon, who says she has been restored to perfect health by Tanlac after having suffered for twenty years. Her statement is remarkable.

"For the last twenty years I have suffered from stomach trouble in its worst form. I was in misery all the time. If I took a drink of coffee or milk or even water, it would cause belching and gas. In fact, absolutely nothing would digest in my stomach. I always had an awful burning sensation in the pit of my stomach. I believe I have taken almost a wagon load of soda for stomach trouble. I would have to take it night and day. Gas would bloat me up so badly I couldn't fasten my clothes. At times my heart would palpitate and flutter so badly I would nearly smother and I would have to gasp for breath. In fact, I thought I had heart trouble."

"I was very fond of cheese and the least bite would throw me right into spasms. I was also very fond of onions, but they would upset me terribly."

"My whole system was out of shape and I was also bothered with rheumatism and neuritis. Pains in my arms and other joints were almost unbearable. I had to carry one of my arms in a sling and couldn't raise it up to my head. My hands would swell up and for a long time I was in just an awful condition."

"I told my husband I guessed I would have to give up and die, as the doctors' medicines didn't do me any good. Then he got me some Tanlac and said I had to take it. Well, before I finished one bottle, I found the things I would not be able to eat. I kept gradually getting better and finally after taking five bottles, my trouble was entirely relieved. I can now eat onions, cheese, or anything I want. In fact, I am in perfect health in every way. My neuritis and rheumatism have also left me. I know that five dollars' worth of Tanlac has done me more good than a hundred dollars' worth of other medicines. I will sing the praise of Tanlac as long as I live."

The above remarkable statement was made by Mrs. W. F. Baker, whose address is Milwaukie, Oregon, R. F. N. 2.

Tanlac is sold in Jacksonville by Coover Drug Co., Wyle Drug Co., Franklin and Daverly and leading drug stores in all cities.—Adv.
